

TOFT WINS

Students Elect Village Officials

Antioch High School students are conducting their own village election today, (Thursday), complete with voting booths, judges, and secret ballots.

Election day was preceded by a week of campaigning by the several candidates for the village offices. Posters and slogans are scattered through the school halls, and campaigning students have been working hard to garner votes.

The election is run by the senior class, but juniors are also allowed to vote. Village Government Day is held to give students some practice in voting and put into practice the lessons they learn in Government classes. All government teachers take part—Gary Allen, Lucien McLean, Charles Lindholm and Mrs. Jeanette Tulomello.

Members of the Student Supervisory committee are Carol Mae Zerbe, Michael Verkest, Pat Wysoglad, Alan Tegan and Virginia White.

Candidates first submit their names to the screening committee, made up of both students and teachers. Students with less than a C average cannot become candidates.

With the work of the screening committee completed, the following candidates are running for office: for village president—Michael Davis, Randy Gordon, Gail McLean, Masaji Okubo and Terry Schneider; Clerk, Richard Byrne, Tom Mayerle, John Murphy, Bernie Smith, Joan Tanner and Don Walsh; treasurer, Toni Aerne, Carol

Hribar, Jim Knirsch, Janis Miklatsch and Wayne Sanders; for police chief, Tony Badame, Walter Henning, James Koppa, Paul Lindblad and Carl Osterlund; Fire Chief, Lon Eckert, Jim Filla-treault and Walter Pleviak; Public Works Commissioner, Alan Brandenburg, Bob Lenczewski, Mark Nelson and Charles Weber.

Judges of election will be appointed by the supervisory committee. New judges will serve every hour, to give as many students as possible the chance to get experience in the mechanics of election. Voting will be from 7:45 a.m. to 3:25 p.m., after which the votes will be counted under the supervision of a teacher.

The successful candidates will serve in the office to which they're elected for one day, April 30. The student Mayor, police chief, etc., will accompany his adult counterpart on his duties throughout the day.

The student officers will attend the first board meeting in May (May 4) and report to the board.

No, The Car Was Going Thawaway

Some details of an account of an accident that happened on Route 173 last Friday were incorrect as given in The Antioch News.

The car driven by Charlotte Pokorney was proceeding east on Route 173, and was struck by a car driven by Eunice Swindle, which was going west. The Pokorney car then struck a car driven by Thomas Thompson, which was traveling west behind the Swindle car. Thompson told deputies that the Swindle car had swerved before the accident.

Community Club To Elect Officers

The Community Club of Central High will meet on Monday, April 26 at 8 p.m.

The program will include election of officers and music by the percussion ensemble and the Falcon swing band. Mary Wagner, Sue Meier and Sharon Holloway will entertain with the readings on which they receive an "A" rating at Madison at the State Forensics meet.

Lions Club Mardi Gras Party Saturday

Spring Mardi Gras will come to Antioch next weekend, sponsored by the Antioch Lions Club.

The evening of dancing and revelry will start at 8 p.m. at Four Aces on Route 173 at Channel Lake on Saturday night, April 24.

This is one of the fund-raising events of the Lions Club. Proceeds go to help pay for the Lions Club's many civic projects.

The public is invited to the Mardi Gras party. Jim Olson is chairman of the affair.

Shriners Send Help To Tornado Victims

More help for the victims of the tornado at Crystal Lake is on the way. The Chain O'Lakes Shriners sent \$108, to be disbursed wherever needed by the Crystal Lake Masonic Lodge.

The Shriners voted to contribute \$25 from their treasury at a meeting last Wednesday at Henning Johnson's Resort at Deep Lake. Then the suggestion was made to "pass the hat" to swell the contribution, and \$83 was added to \$25.

Shultis, 3 New Trustees Fill Out Village Offices

Antioch voters cast the greatest number of ballots ever marked in a village election to elect a new mayor, return the incumbent village clerk to office, and place three new trustees on the village board.

Ray Toft defeated incumbent Mayor Murrill Cunn-

ingham for the Mayor's seat with a 150-vote edge. Ray, running on the Citizen's Party ticket, collected 521 votes to the Mayor's 365.

Mayor Cunningham was running for his third four-year term.

Biggest vote-getter in the election was incumbent village clerk, Clarence Shultis, who received 563 votes. His opponent, Ronald S. Vos, received 350 votes. Shultis has served as clerk for 12 years.

Both incumbent village trustees, Einar Petersen and

H. Roger Williams, were defeated. Three new trustees were elected — "Barney" Barnstable, with 464 votes; Robert C. Wilton, with 401 votes; and Arthur R. Meierdick, Jr., with 454 votes.

Antioch voters cast 990 ballots in the election. Of these, 13 were spoiled. The Peoples party slate, headed by Mayor Cunningham, drew 227 straight ticket votes; the Citizen's Party, headed by Ray Toft, drew 213 straight votes.

Ray Toft, 36 years old, is the youngest Mayor to have been elected in Antioch's history. Whether or not he is the first mayoral candidate to defeat an incumbent has not been determined—Clarence Shultis says he believes that Frank King at one time defeated incumbent Mayor George Bartlett in a mayoral election, and that Bartlett was later re-elected to the office.

The new village officers will be sworn in at the first meeting in May. As Ray Toft had two years still to serve as village trustee, Toft, as mayor, will appoint his successor on the board. Although Toft has not announced his choice, it is conjectured by many that H. Roger Williams, who polled the most votes of the defeated candidates, (418), would be offered the post.

Votes cast for candidates not previously mentioned are: George Lloyd for mayor, 27; Warren H. Heintz for mayor, 58; trustee candidates, Einar Petersen, incumbent, 415; George Palasko, 403; Eugene Lusak, 67; Henry Sreh, 73, and Alex Bazar, 59.

ANTIOCH, ILLINOIS, THURSDAY, APRIL 22, 1965

VOL. LXXIX. NUMBER 43

Keeping Roads Clear Is Costly Business

Last winter's snow and ice is gone, but the expense lingers on.

The winter of 1964-65 hit a new high in expense for snow plowing and removal and sanding streets in the village of Antioch. Total expenditures for these expenses last winter was \$6,703.75. Here are the total expenses for the same work in previous years: 1959-60, \$4,259.33; '60-61, \$3,183.51; '61-62, \$6,278.05; '62-63, \$2,821; '63-64, \$3,826.20.

Expenses of snow removal are paid partly by village funds, partly from motor fuel tax money. This year, says Superintendent of Public Works Edgar Simonsen, who supplied us with the snow removal figures, he underestimated the cost of snow removal.

The motor fuel tax money is allocated by the State on the basis of an estimate of cost submitted by the village. Edgar estimated \$6,000 this year, and is about \$700 short. So the village will have to ask for an adjustment from the state on the motor fuel tax money.

Here are some statistics on snow removal for March: 343 man hours were spent on snow and ice control for that month. This includes 69 hours plowing snow; 67 hours sanding streets; 122 hours hauling snow off the streets; 55 hours with the tractor

loading snow off the streets. In March, 149.65 tons of sand were hauled from the gravel pit for street sanding.

There are about 37 miles of road in the village to be maintained, says Mr. Simonsen. The Public Works Department has two trucks with snow plows and the grader for clearing snow. The grader, says Edgar, is usually used on Main St. because the hydraulically-controlled blade peels the snow or ice off down to the bare pavement. The same trucks are used for sanding.

Three men, including Mr. Simonsen, are available for the snow-clearing jobs. During bad storms, they stay on the job on an around-the-clock basis until the streets are cleared.

The road trouble is not over now that spring is here, says Simonsen. The breaking of roads that comes with the spring thaw is especially bad this year. Some of the damaged places will have to be dug out, filled with road gravel, then stone, then blacktop surface. This repair work must be worked in with all the other chores of the Public Works Department.

Canvass ACHS Board Vote

The Antioch High School Board met Wednesday night, April 14, to canvass the votes in Saturday's election and reorganize.

Robert Denman, Millburn, was elected president for the eighth time. Roger Prosjie, Lake Villa, was chosen as secretary.

Regular meeting night of the board was set at the third Wednesday of each month, at 7:30 Standard Time and 8 p.m. on Daylight Saving Time.

Resignations of two teachers were presented to the board, and two teachers hired to replace them for the 1965-66 school year. Phillip Glatz, mathematics teacher, will be studying for his Masters degree next year, and Harold Andrews, Social Studies teacher, is moving to Chicago.

The two teachers employed for next year are Kenneth Wierschem, mathematics, who will graduate from the University of Minnesota in June, and Kenneth Merrill, Social Studies and football coach.

Mrs. Mildred Mayerte, secretary, also resigned as of June 30.

Carol Mapletorpe, part-time Spanish teacher and faculty adviser for the Yearbook, was re-employed on a part-time basis for next year. The board approved the use of one room for the Educationally Handicapped. This is part of the program of the Lake County Special Education District, to which Antioch High School belongs. This is the third year Antioch has supplied a room for this class. All costs are prorated to the several schools having students in the room. Jack Bodine is the special education teacher.

The board also approved continuation of the late-bus service.

NICC Hosts Boy Scouts

The Northern Illinois Conservation Club will play host to 190 boys and girls from Scout troops throughout this area on Saturday, April 24.

Each spring the Club sponsors a forestry outing to teach our young people something about tree planting and forestry management. The group is taken by bus to Kettle Moraine Forest at Eagle, Wis., where through the courtesy of Max von Dahlen, Forester for the Wisconsin Division of Parks and Recreation, Wisconsin Conservation Department, a talk is given explaining all aspects of tree planting.

Upon completion of this talk the group hikes to the picnic area where fires are built and lunch is prepared. The rest of the outing consists of hikes along marked trails and games with the return home scheduled for about 4:00 p.m.

This year the Club will be playing host to the following troops: Wauconda Troop 90, Edward Bantz, leader; Lindenhurst Troop 173, Mrs. Wells; Lake Villa Troop 216, Mrs. Edwards; Lindenhurst Troop 84, Mike Pearce; Island Lake Troop, Mr. Sack; Channel Lake Troop 204, Mrs. Bierman; Antioch Troop 91, Dick Harland; Antioch Troop 92, Mr. Edwards; Troop 269, Mrs. Henry.

The Scouts will also be accompanied by Richard Waters, president of the club, and Doc Jensen, who heads our Forestry and Tree Planting committee. All Club members interested in going along are also invited.

Raymond Toft

Activities Cram Student Council Week at ACHS

Next week (April 25-May 1) has been declared Student Council Week by Governor Otto Kerner. A variety of activities are being planned at Antioch High School for the period.

The week will start on Monday with Student Teacher Day. Seniors will assume positions of teachers. Regular class sessions will be held and students are expected to prepare as usual for classwork.

Candidates for Student Council executive offices will present their campaign speeches Tuesday in the gymnasium. After the General Assembly, classes will adjourn to separate rooms to hear campaign speeches from candidates for class offices and Student Council Representatives. This will also be dress-up day.

Elections for Student Council and class offices will be held on Wednesday, April 28. Senior members of the Council will be in charge of balloting.

The new officers, of both Student Council and classes, will be installed on Thursday by this year's Council president, Bruce Dalgaard.

Devotion Day, on Friday, climaxes the week of student activities. On this day students may wear comfortable and more unconventional clothes in accordance with rules set up by the Council. The school day ends at noon when 8th grade students from surrounding grade schools visit the high school for 8th grade day.

Two council members, sophomore Lois Herman and Junior Jim Sorensen, will be busy throughout the week preparing for their trip to

the 31st annual convention of the Illinois Association of Student Councils. The convention will be at the Sherman House Hotel from April 29 through May 1. The two Council members will be accompanied by Harrison Brown, faculty adviser. More than 1,200 high school student leaders and their advisers will attend. Theme for this year's convention is, "Only the Beginning."

At the state convention, officers will be elected for the state organization. To be elected are a president, first and second vice-president, secretary and treasurer.

An executive conference will be held on Thursday at the convention and a student mixer later. The Antioch High representatives were chosen from a group of ten who wished to attend.

Time Is Fleeting -- DST On Sunday

You'll be right if you think "time is fleeting" next Sunday. In fact, an hour will pass in the time it takes you to turn the clock ahead.

Yes, it's that time again. The time to turn the clock ahead, to get up an hour earlier, to have an extra hour of daylight to garden, rake, clean—or play golf.

Daylight saving time goes into effect at 2 a.m. Sunday, April 25. Most people will turn their clocks ahead before retiring Saturday night.

So don't forget the time change or you'll be out of step with the rest of the State.

Scott Moves To Help Stricken Area

Illinois State Treasurer William J. Scott announced today that he is immediately transferring over one million dollars of additional State funds to banks in Crystal Lake, to provide loan funds for the victims of the April 11 tornado disaster.

Scott said, "\$700,000 in State funds is being placed in the Home State Bank of Crystal Lake and \$300,000 in the First National Bank of Crystal Lake. The First National Bank Building was badly damaged by the tornado, but they have moved their banking operations into the Home State Bank's quarters in order to provide continued services," Scott said.

Scott established the new policy of using his office to help victims in disaster areas, by providing these temporary loan funds shortly after he took office. At that time a major fire had destroyed most of the stores and offices in Marion, Illinois. Later he provided banks in Anna, Ill., additional funds when the local peach crop failed.

Earlier this year, Scott had shifted over \$80 million of State funds into hundreds of downstate Illinois banks to help farmers whose crops had been destroyed by drought.

"All of the additional funds came from the sale of U. S. government securities which the Treasurer's Office held," Scott added, "and they are now being placed in interest bearing time accounts with banks."

New Well Site May Be On Village Street

With votes in the village election being counted across the street, the village board quickly disposed of necessary business Tuesday night and the meeting was recessed, to reconvene Wednesday night.

The village engineer was instructed to apply for an adjustment on snow removal money. About \$2,500 additional funds will be needed, to carry the village through next November and December.

The village engineer, Roger Patzer of Applied Engineering, Inc., reported that a satisfactory well had finally been drilled, at Bartlett and McMillen Roads.

The new well, he said, should deliver 600 gallons per minute. The well first

drilled was unusable because it pumped sand. A test well was drilled 200 feet to the east and proved unsatisfactory; a site at Gail St. also proved unsatisfactory.

The new well is located on a dedicated street, Edward Jacobs, village attorney, advised the board that the street could be vacated and then condemned for the site of the well, or that additional property might be purchased from an adjoining industry. The sewer and water committee was instructed to investigate the matter, and report at a special meeting the last week in April.

Mayor Cunningham reported that a letter had been received from a Safety commission in regard to warning lights at the railroad

tracks on Ida St. The matter was turned over to the street committee for investigation.

The mayor also read a letter from Marion Pechousek, of MariAnne's Shop, advising him that she had contacted the National Parking Association, who had recommended that a study be made of the parking situation in Antioch. The matter was deferred to be studied by the Chamber of Commerce.

Attorney Edward Jacobs presented a petition of annexation from the Chicago Title & Trust Co. asking that a pie-shaped piece of property, lying between Hillside and the present village boundaries, on Route 59, be annexed to the village. The petition was approved.

EDITORIAL

Men Rise To The Occasion

Disasters, such as the tornado that recently struck Crystal Lake, and the floods in Midwest states, bring out the best in people.

Help for the many suffering people stricken by Nature's heedless cruelty comes pouring in, both in money and labor. In flood-threatened areas, people who normally wouldn't lift a finger to help a neighbor, pitch in and work around the clock to build dikes against the rising water.

For a while, drawn together by a common threat, each man truly becomes his brother's keeper. Once the emergency ends, each will go back to his life of casual selfishness.

Some of the cruelest and bloodiest wars in history were fought in the name of religion; men will kill or torture each other because of a difference in ideology.

But when a natural catastrophe strikes, there is no need to take sides. There is no stopping to decide whether the stricken people are worthy of help, or hold beliefs like your own. Nature cares not one whit for a man's politics or religion, wealth or lack of it. And instinctively and without hesitation, men band together to fight her inroads.

What would this nation—and this world—be like, if the solidarity, the unquestioning unselfishness displayed at times like this could be preserved in our daily lives?

Your Congressman Reports...

By Cong. Robert McClary

The Spring Conference of the Inter-Parliamentary Union is being held this year in Dublin, Ireland, from April 19 to April 25.

The oldest of all international organizations (founded in 1889) is entering upon its 70th year in behalf of international relations and understanding. It is the privilege of this Member of Congress to serve as one of 14 delegates from the United States Congress to this significant meeting of parliamentary delegates from 75 countries around the world.

The business of the conference will be conducted by five separate committees which include the following: (a) Political and Arms Control Committee, (b) Economic and Social Committee, (c) Parliamentary and Juridical Committee, (d) Committee on Non-Self-Governing Territories, and (e) Cultural and Educational Committee. My assignment is on the Cultural and Educational Committee where I serve both as a delegate of our United States group and as rapporteur, or secretary, of the full committee.

The subjects under discussion by the Cultural and Educational Committee relate to efforts at reduction of illiteracy in the underdeveloped nations and particularly the use of television, radio and other modern techniques for large-scale literacy programs. An American film will be presented at the Dublin Conference by our U. S. delegates demonstrating the efficiency of the Peace Corps School-to-School program under which an American P.T.A. or other organization sponsors the construction of an elementary school in one of the underdeveloped nations. In addition, there will be extended discussion of cultural and educational exchange programs which have the possibility of contributing to increased international understanding.

With the general tense nature of the international situation, it is not unlikely that our American delegates will be faced with the problem of explaining and justifying American actions abroad, particularly in Viet Nam. Extensive briefing sessions have been held and numerous background papers have been studied in preparing our delegates to set forth clearly our nation's desire for peace and freedom in all parts of the world. While this international conference presents challenges to test our American position, it likewise presents a golden opportunity to communicate directly with numerous officials from both sides of the Iron Curtain expressing clearly and forcefully our nation's basic policies and our determination that these policies shall prevail.

Our delegation of five Senators and nine U. S. Representatives will be headed by this year's chairman, Senator Herman E. Talmadge of Georgia. Our able executive secretary, Dr. George B. Gallo-way of the Library of Congress, will be in constant communication with our delegates, as will Mr. Elmore Jackson, Special Assistant to the Assistant Secretary of State for International Organization Affairs.

At a later date it is planned to provide a resume of the experiences gained in this important mission in behalf of our nation.

The Medicare bill passed by the United States House of Representatives last week bears only slight resemblance to the measure which has been resisted by the Congress continually since the original Forand Bill on this subject sponsored by former Representative Aime Forand of Rhode Island in 1957.

In the original version of this legislation, limited hospital and nursing home care was authorized under a system financed by an increase in Social Security taxes. Since Social Security taxes fall most heavily on those of

limited means and are imposed primarily on the young families of the nation, the inequity of this proposal coupled with the threat of socialism, was successfully opposed by succeeding Congresses—until this year.

If the Medicare bill had been presented again this year in the same form, it is believed that the House action would have been the same as in prior years. However, the Medicare bill which passed (H.R. 6073) contains numerous other provisions, many of which have been recommended for years by conservative elements in our country, and primarily by Republican Members of Congress.

First, the measure contains a voluntary program of medical and surgical care for our older citizens, to be financed through contributions at the rate of \$3 per month by the individual commencing at age 65, coupled with a corresponding contribution by the Federal government from general revenues. This part of the bill, proposed by Congressman John Byrnes (R. Wis.), is intended to permit our older citizens of limited means to provide for their own medical and surgical care. This part of the bill is also aimed at meeting the expenses of catastrophic illnesses with a top limit of \$40,000 for lifetime medical and surgical expenses.

Second, the bill, as passed, also contains the program of "ElderCare" as recommended substantially by the American Medical Association. This part of the bill benefits primarily our older citizens who are in need, providing medical and hospital care for these needy citizens on a Federal-state matching fund basis in a more generous manner than provided heretofore under the so-called Kerr-Mills plan. This part of the bill also supplements care for the aged with medical and hospital insurance to the physically handicapped, mentally retarded, the blind, maternity cases and other citizens in need and who have not, of course, attained the age of 65.

Third, the Congress has included provisions for strengthening and expanding the general Social Security program by increasing cash benefits to old age recipients as well as the cash benefits for widows and other survivors. Contributions by the employer and employee are increased to provide these additional benefits and also to strengthen the reserve position of the Social Security fund.

Finally, of course, the Medicare measure contains substantially the provisions of the King-Anderson bill (the original "Medicare" bill). This part of the legislation constitutes a compulsory program of hospitalization financed by additional Social Security taxes causing these taxes to be increased in 1960 by \$33.60 on the first \$4,800 of earnings and in 1970 by \$66 on the first \$6,600 of earnings. Employers and employees will contribute equally to the increased tax. The total estimated cost of this program for the first year is \$2-billion.

In the final Medicare package, approximately one-fourth of the program was objectionable to me and to many others who joined in opposing the compulsory hospital and nursing home program under Social Security. However, the following portions representing three-fourths of the total bill were generally acceptable; namely, (a) voluntary medical care for the aged, (b) ElderCare, including increased hospital and medical provision for the needy as well as the handicapped and others, and (c) general strengthening of the Social Security program for the old age recipients, as well as widows and other survivors.

When the motion to recommit this bill came before the House to remove the compulsory hospitalization program under Social Security, I voted "aye." The motion failed. I then cast my vote for this bill in behalf of the many provisions which I favored.

Benjamin Harris published the first American newspaper, "Publick Occurrences, Both Foreign and Domestic," on September 25, 1690. It was suppressed after the first issue because of "reflexions distasteful to Gov. Simon Bradstreet of Mass.

ALONG THE WAY with Annie Mae

As the regime of "Mighty Mo" becomes part and parcel of Antioch history, we will look to the radiant eagerness of possibly the most youthful Village administration we have ever had. New ideas put to work on challenging local problems should receive shoulder to shoulder support from every civic group new, and who knows, we may come up with the "fairest Village in all the Land."

THE LATEST REPORT: How many of you noticed that Ray Toft even had the Easter Bunny behind him, over on Victoria Street... By the way, you can all give your self one big pat on the back, for turning out the largest vote ever recorded in this of town. Now you're talkin'... one more political note ere we drop this subject, even though Roger Williams finished out of the running, it is our guess he will fill the appointed trustee chair... That little Japanese wheel looks like it might get around quite a bit this summer, judging by the size of the "drive it yourself" crowds already gathering.

NOTES TO YOU: The broken headline in Dr. Vermer's car kind of reminds you of a "continental-shiner." George Stillwell is being observed by the medics over at St. Theresa hospital.

Phyllis McMillen and her Royal court of Queens are appearing before the Governor's Mother today at the Mid-Town Club in the big City... Bob Gaston on the mend at home after a recent hospital stay... Could be that an addition is planned by the nursery rhyme couple...

What's with this Antioch group of vacationers? Bernie and Gen Osmond are the latest ones to return sans their clothes! Hold your horses, their wardrobe was lifted from their car in New Orleans!

THE LAST DROP: If you think you've seen Big John's face around a lot, it's only the beginning folks, it's only the beginning! A sign unto you! Without a fanfare of any kind, that Shoe Repair Shop opened up on North Main St. overnight! Just to wind up on some kind of a note, I happened on a book of name meanings the other day and you'll never guess what "Annie" means! "Full of grace!"

DID YOU HEAR? The modern day description of a Home: Where half of the family waits for the other half to come back with the car.

Gracefully yours,
Annie Mae

Sortie Active In Many Civic Affairs
Mr. Osborne T. Sorlie has been a member of the Lake County Safety Commission since August 10, 1963. Sheriff Charles E. Larson, chairman, placed him on the Legislative Committee last month.

Some suggestions he feels will help the Commission to further its programs are "more policemen patrolling the roads, added emphasis on traffic enforcement, and a need for additional highway signs at cross roads."

He is a member of several civic groups which include: Wauconda Lodge No. 298 AF & AM; Laurel Chapter 290 ROM; Austin Council; Chicago Commandery No. 19 K. T.; A. A. Scottish Rite Valley; Medinah Temple A.A.O. N.M.S.; Royal Order of Jesters No. 48; North West Shrine Club; Norwegian-American Historical Association; Normennes Singing Society; Chicago Swedish Club; life member of Norwegian Lutheran Children's Home in Edison Park; Bjorsen Male Chorus; charter member of Royal Order of Moose No. 1969 in Wauconda, his hometown; Legion of Moose Mecca No. 9, Aurora; life member, fellowship degree, Loyal Order of Moose; Moose "25 Club; and charter and past President of Wauconda Township Republican Men's Club.

He is partner in a millwork company located in Chicago. Mr. Sorlie is endowed with enterprise and initiative to follow through and seek solutions to many of the difficult problems which confront the Lake County Safety Commission.

ONLY FIVE YEARS AGO...
Those potholed roads aren't getting any better. Let's hope the powers-that-be aren't going to just leave them that way until they can be properly repaired. A few loads of gravel and blacktop, dumped in the worst holes, could be the means of preventing an accident.

Economy is a way of spending money without getting any fun out of it.

"Borrow and Save the Federal Way"
Our 38th Year over 16 Million in Assets

Retires After 37 Years At Illinois Bell

Arthur Wheat, community relations manager for Illinois Bell Telephone's Evanston district, will retire April 1, after more than 37 years' service.

Wheat and his wife, Theresa, will remain in their farm home on Route 1, Bristol, Wis., and "just take it easy."

Starting his telephone career as a student engineer in Waukegan, Wheat later held such posts as sales manager in Skokie and in Glenview, and division staff supervisor in the North Shore Area, before becoming community relations manager.

He is a past member of the Skokie Rotary, Skokie Valley Kiwanis Club, Skokie Valley Industrial Association, Skokie Safety Council, and a past director of the Skokie Valley United Fund.

Wheat and his wife have four children and 10 grandchildren. Daughter, Mrs. Eleanor Kaufman lives in Boreo, Ohio.

To sulk is human, and should be tolerated by marital partners.

Nancy Orozco, lives in Chicago, and sons, Arthur, Jr., and Charles reside in Rolling Meadows. Daughter, Mrs. Eleanor Kaufman lives in Boreo, Ohio.

Several hundred 4-H club members will perform in the County Share-the-Fun Festivals on Monday, Tuesday, and Wednesday evenings, April 26, 27, and 28.

The show will start at 7:30 p.m. each evening in the Farm Bureau Auditorium on the Lake County Fair Grounds. The presentations by the various Agricultural and Home Economics 4-H Clubs include musical, dance, dramatic, miscellaneous numbers and a Master of Ceremonies class.

The judges will select a number of top ranking performances each of the three evenings which will participate in the Lake County Festival on the evening of April 30. The winning county act and master of ceremonies will represent Lake County in the State Festival at Springfield during the Illinois State Fair.

The Share-the-Fun festivals are a part of the 4-H Club program conducted by the Cooperative Extension Service of the University of Illinois under the supervision of the Farm and Home Advisers, Ray T. Nicholas and Helen Volk.

Should be tolerated by marital partners.

Courthouse Notebook

BY LOU DUKIN

At least one man in the county, Vic Viscount, Executive Secretary of the Lake County Contractors' Assn., is convinced that thousands of dollars could be added to the coffers of taxing bodies throughout the county if township assessors were aware of all the additions and improvements to property made by owners without building permits.

City and village building departments can keep pretty close check on building improvements because of the small area they have to cover, but in the unincorporated areas of the county the job takes on greater magnitude.

A ride through the countryside, off the main highways and county roads, reveals scores of houses being renovated, rooms or porches being added, major overhauls, and new garages going up, all without permits.

Many of these improvements are never caught by the assessors because their limited staffs do not permit them to check every building in the township even in quadrennial assessment years.

Properly owners who secure a building permit from the county or municipal building department are penalized because they not only pay for the permit, but the assessor, by checking the local records, is aware of the improvement and can adjust the assessment for tax purposes accordingly.

A suggestion is made that a corps of volunteer special deputy building inspectors could be established to supplement the regular staff in the county building department.

These special deputies, recruited primarily from the building industry, could inspect projects and notify County Building Officer Joseph Cannon if unauthorized building is underway.

The suggestion may smack somewhat of "snooper" tactics, but the people who would be hurt are those who are cheating on their assessments and "getting away with something."

The builder or homeowner who takes out a permit is being victimized by those who wittingly or unwittingly make improvements without a proper permit.

Our tax laws are based on the idea that each person should pay according to the value of his property and this value can be determined only if the assessor has full knowledge of the property and its improvements.

The recent township elections point up again the interest in local elections is at a low ebb.

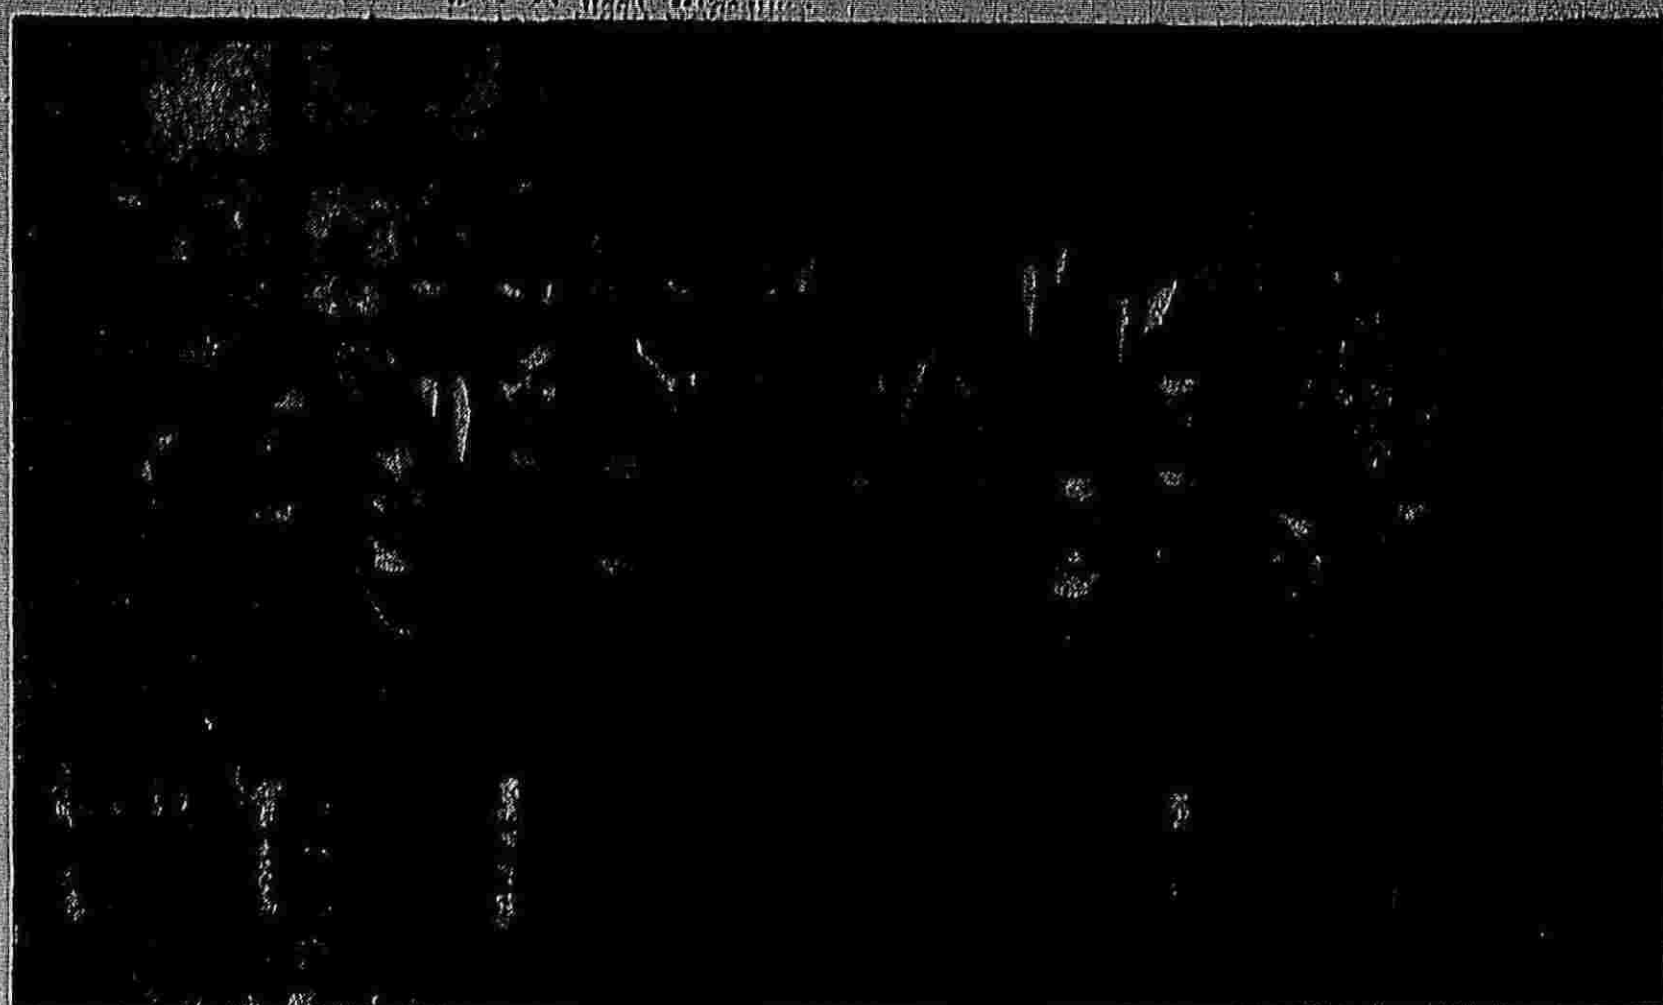

The small voter turnout in most townships, even where there were contests, indicates that township government may be on the way out at least in populous counties such as Lake.

Certainly many of the present functions of township government could be absorbed by the county while maintaining the township as a geographic entity.

Relief Administration, the primary function of the township supervisor, could still be handled by the supervisor, but levies for relief purposes could be on a county level. This would eliminate multiple poor relief levies, multiple bookkeeping for county hospital and county home administrators, and duplications of administrative staffs. Supervisors and assistant supervisors would still be elected as representatives of townships, but they would be elected at county elections after primary elections.

Township assessors would be elected as county officers from their respective townships and the county supervisor of assessments would also be an elective officer since it is incongruous to have an appointive official telling elected officials what they should do.

Now is the time to phone 395-4111 for free classified.

THE KING'S COURIER ENSEMBLE will present a program of sacred music at the Antioch Evangelical Free Church on April 24 at 7:30 p.m.

WOMEN OF THE LAKE REGION HOMEMAKERS look over some of the fashions that will be shown at their coming style show. Left to right, Mrs. Richard Radke, fashion co-ordinator; Mrs. Gerald Crichton (seated) fashion co-ordinator; Mrs. Everett Queen, refreshment chairman; Mrs. Fred Wolf, president, and Mrs. Dudley Kennedy, Decoration chairman.

Homemakers Slate Spring Style Show

A fashion show, featuring 1965 fabrics and patterns for round-the-clock wear, will be presented by the Lake Region Unit of the Lake County Homemakers Extension Association with two performances on April 28 at 1:00 p.m. and 8:00 p.m. at the Antioch Savings & Loan Building, 425 Lake St., Antioch.

The "Cavalcade of Fashions" represents the season's trends in color, fabric and silhouette. Various local stores will supply the fashions.

Co-chairmen for the event are Mrs. Gerald Crichton and Mrs. Richard Radke. Mrs. Dudley Kennedy is decoration chairman. Refreshment committee is headed by Mrs. Everett Queen and she is being assisted by Mrs. John Mrs. Gordon Volting, Mrs. Richard Wells and Mrs. Orville Buchta.

The commentator will be Mrs. Fred Wolf and models will include members of the Lake Region Unit.

Campus News

Sharon E. Dittman, a senior at the University of Illinois, and Stanley E. Sutherland, a freshman, are both among the students who will be honored for scholastic excellence at the U. of Illinois Honors Day Convocation on April 30.

Both the students are graduates of Antioch Community High School.

Miss Marilyn Gras, Rte. 4, Antioch, a student at Carroll College, has one of the principal roles in the production of "Pygmalion" to be presented by the Carroll Players on May 6, 7, 8 and 10 in Youman's Little Theatre on the campus.

Stanley Sutherland, a June 1964 graduate of the Antioch Community High School, has achieved an outstandingly significant honor in being one of 61 freshmen out of a class of 5,522 first year students at the University of Illinois to earn a straight "A" academic average.

As a permanent tribute to Stanley's achievement the school will receive a book plate and a suitable book, selected by the school, which will be added to the school's library donated by the University of Illinois Mothers Association.

Win Green Ribbon At Garden Club

Two members of the Antioch Garden Club won the coveted Green Ribbon at the annual convention of The Garden Club of Illinois, held at the Pick-Congress Hotel on Tuesday, April 20.

The Green Ribbon Sweepstakes Horticulture Ribbon is given to the person winning five blue ribbons in horticulture in a standard flower show. Mrs. J. Milton and Mrs. Paula Wagner of the Antioch Garden Club received the green rosette at the convention. Mrs. Edwin Olsen, Silver Lake Park, Antioch, is president of the Antioch Garden Club.

NAARP TO HEAR ABOUT RED CROSS WORK

The next meeting of the Antioch area Chapter of the National American Association of Retired Persons will be held on April 27 in the community room of the Antioch Savings & Loan building at 1:30 p.m., DST.

Committee appointments will be made by President John L. Horan.

Miss Charlie Vosberg, Administrator for the Regional Office of Red Cross at Waukegan, will address the meeting. Also on the program will be D. R. Behling, of the Antioch Hearing Aid Service. Membership in the Antioch chapter of the NAARP is 72. If you are retired or semi-retired, aged 55 or over, President John L. Horan invites you to the meeting.

TO ELECT AND INSTALL OFFICERS

The Woman's Auxiliary of the Lake County Medical Society will hold their annual spring luncheon at the Swedish Glee Club in Waukegan at noon on Tuesday, April 27. Election and installation of officers will be held.

Mrs. W. W. Warriner of Peoria spent several days in Antioch, the guest of Mrs. B. R. Burke. Mrs. C. W. Pfleger of Evanston was also a guest at the Burke home.

Mr. and Mrs. Walter Shepard and children spent Easter vacation with Capt. and Mrs. William Terry at Urbana, and Mrs. H. E. Shepard at Greencastle, Ind.

Phyllis Kopriva, 475 Windsor Drive, Antioch, is a member of the singing chorus in the cast of "Brigadoon," University of Illinois Spring Musical to be presented on campus on Mother's Day weekend, April 30-May 2.

SACRED CONCERT AT EVAN. FREE CHURCH

The King's Courier Ensemble will present a sacred concert at the Antioch Evangelical Free Church on Tiffany Road on Saturday, April 24, at 7:30 p.m.

The twenty-one voice mixed ensemble is under the direction of Robert Her, and was formed in the spring of 1962. Mr. Her is assistant to the director of the Sacred Music Department of Moody Bible Institute and was director at Salem Baptist Church, Chicago, for 13 years until 1962.

Selections of the program repertoire include sacred classics, Negro spirituals, patriotic, gospel songs and hymns, and vocal selections by other members. They sing regularly in evening services in Chicago and suburbs, as well as for banquets, weddings and other occasions. This year's itinerary includes Indiana, Michigan and southern Ontario. Admission is without ticket and charge. A freewill offering received.

MOOSE TOPICS

By Lillian Birdsell

Installation of newly elected officers will take place at the Antioch Moose Lodge Saturday evening, April 24, at 8 p.m.

New officers for the coming year are Arthiur La-Flamme, governor; John (Mickey) Osborn, Jr., governor; Donald Hart, prelate; Richard Jorgensen, treasurer; Carl Sapiega, trustee; and Edwin Petersen, Jr., Past governor.

Continuing officers for another term are Leonard Kohl and George Schroeder on the board of trustees and Arthur Andersen as secretary.

Appointed by the governor is Scotty Birdsell for sergeant-at-arms, Jack Christenson, inner guard, and Wayne Bailly for outer guard.

Refreshments will be served and there will be dancing to the music of the Purple Tones following installation.

There will be a Memorial Service for deceased members at the Antioch Moose Lodge Sunday, April 25, at 4 p.m.

If you want the right answer to the safe stopping question you should have the right answer to these questions: (1) Are your brakes kept equalized? (2) Do you drive slow enough to allow for slippery surfaces, poor visibility, and other drivers' quick stops or skids? (3) Do you stay behind other vehicles? (4) Do you stop gradually? We hope you'll always pass this test.

Charles (Chuck) Miller, new member of Antioch Lodge No. 525 will be wearing the uniform of the U. S. Army soon. He left Friday for service.

George Stillwell, member of Antioch lodge No. 525, entered St. Therese hospital Monday and will be under observation for a few days with surgery to follow.

The Academy of Friendship session for Illinois will be held at the Bogan High School in Chicago, Sunday, May 2. Gladys Schroeder of Antioch will serve as pianist.

The luncheon and style show sponsored by the Academy of Friendship will be held at Angel's Restaurant, April 27, starting at 12 noon. The birthday dinners will be coming back soon for the L.O.O.M.

Fit For Baby's Feet

We make a fetish of fitting baby feet correctly (and older feet too) When the time comes for baby to walk it's high shoe time and we have a fine selection.

GOOD EATING HABITS

By Margot Capeland
Director of Home Economics
Wheat Flour Institute

"How can I build good eating habits in my children?" is a question commonly asked by mothers of young children.

Perhaps the best answer to this question is, "How good are your own eating habits?"

Children develop their attitudes toward food, eating and mealtime early in life by following their parents' example. If you enjoy a variety of foods, chances are your children will too. If you regularly plan and serve well-balanced meals to your family, your children are likely to accept this pattern and carry the habit into their grown-up lives.

Children grow and develop and seem happiest when their lives fall into a routine or pattern. Thus, if your family meals are served at regular hours, in an orderly way, your children are likely to come to the table eager and hungry for each meal.

Young children usually can eat the same menu as the rest of the family, and whenever possible they should do so. But they should be served smaller portions. Then they can finish the food on their plates and ask for

"seconds" if they wish. For very small children whose muscle coordination is not fully developed, plan "finger foods" whenever possible. They'll be easier to handle than a spoon and fork.

The way a new food is introduced at the table can affect its acceptance. New foods are more apt to be liked if they are served when children are hungry and happy. And if the rest of the family expresses a liking for the new food, chances are your children will eat and enjoy it too.

Food and mealtime satisfy emotional as well as physical needs. Thus a pleasant, congenial atmosphere and good companionship at mealtime are just as essential in building good eating habits as are proper selection and preparation of food.

Family mealtimes should be as relaxed as possible, free from outside distractions and interruptions. Mealtimes should be reserved for eating, not for entertainment or airing family problems. Children that are overly excited or distracted at mealtime are not likely to eat well.

Occasionally children develop food whims, but such whims are likely to disappear if you don't fuss about them. Don't push the fin-

Millburn News

By Mrs. Frank Edwards
Illios 4-5795

Regular services at Millburn Congregational Church Sunday, April 25: Sunday School and church at 10 a.m. Spring Thrift Sale will be held in the church basement Saturday, May 15. Proceeds of this sale will be added to the building fund of the church.

Preparations for the 125th Anniversary celebration is planned for the second week in September. If anyone has any ideas that would be helpful, you may contact one of the chairmen: Mrs. Russell Doolittle or Robert Denman, or Rev. L. H. Messersmith.

Mr. and Mrs. John Clem of Urbana, Mr. and Mrs. Charles Taylor of Evanston and Charles Paulsen of Knox College spent Easter at the home of Mr. and Mrs. William Paulsen.

Mr. and Mrs. Garrett Trout were dinner guests of Mrs. Romell Pringle and family of Milwaukee, Sunday.

Mrs. Frank Edwards and Mrs. Jacob Kalif were Sunday dinner guests of Mr. and Mrs. Robert Smith of Libertyville.

Mrs. George Butler is a surgical patient at Condell Hos-

pital in Libertyville. Mrs. Frank Hauser was a guest of honor at a birthday party at the home of Mr. and Mrs. Orville Hairrell of Waukegan Saturday night.

THE ANTIOCH NEWS

THURSDAY, APRIL 22, 1965

Mr. and Mrs. John Clark and children of Waukegan were dinner guests of Mrs. Harley Clark Sunday.

Mr. and Mrs. Don Truax and daughter, Donna, left for Florida the latter part of the week to attend funeral services for Fred Tebbins, who was buried Saturday.

Recommend Horses Be Vaccinated

A warning has been issued to horse owners by Howard McWard, assistant director of the Illinois Department of Agriculture.

He said that now is the time to have horses, particularly the valuable ones, vaccinated against equine encephalitis, commonly referred to as "sleeping sickness."

The outbreak of western type encephalitis last year was one of the worst on record in Illinois. A total of 263 cases and 57 deaths were reported. This was the largest number of cases reported in a single year in the last two decades, and the fourth largest on record.

Ah, Luxury! Breakfast in Bed

How often do you get a chance to feel like a pampered darling? Most women get breakfast in bed once a year — on Mother's Day.

Every day is Mother's Day at IGA. Don't bother to pinch those tomatoes, ma'am. Why strain your delicate muscles? WE do those tiresome little chores for you. We wouldn't let a bad tomato (you'll pardon the expression) sneak onto our produce shelves.

Coffee? Mountain grown, fresh ground, vacuum-packed — don't worry your pretty little head — ours is fresher (and a little cheaper) than anyone else's.

Cleaning aids? Well, we hate to think our ladies must scrub floors, or dust, wash and iron. But all lovely ladies aren't rich. So, as long as you must perform these mundane chores, let us make it as easy as we can for you. We'll go to any lengths to get you the latest and best products to make your house work easy.

On to the check-out counter, lovely lady. We'll pack the fragile groceries carefully, and offer a strong and willing pair of arms to carry them out to the car for you.

There, shopping isn't so bad, is it? Not if you get the IGA habit. We can't guarantee you breakfast in bed every day, but we'll do our best to make the rest of your day easy. Come back soon.

Waltz King To Play For Mental Health Ball

Wayne King and his orchestra and Lake County's Citations will share the spotlight Tuesday, April 27, at the third annual Mental Health Ball, sponsored by the Lake County Mental Health Society.

Held in the Waukegan Rink Ballroom, 1015 Belvidere St., the dance will feature continuous music from 8 p.m. until 1 a.m.

J. Murray Jordan, president of the society, said the county's only mental health clinic is facing a financial crisis that may cause the doors of the clinic to close to the public July 1.

Although the clinic has served thousands of Lake County residents during its seven-year existence, Jordan said, it cannot continue unless financial responsibilities are met.

"A tremendous amount of labor and sincere effort have gone into making the Lake County Mental Health Clinic one of the best in the state of Illinois," Jordan said. "We cannot sit idly by and see all these past efforts be for nothing."

"You know, we looked forward to expanding the services of the clinic, but now all we can do is to try and hang on to what we already have and even that seems to be getting away from us."

This year's appearance of the Waltz King is the second Mental Health Ball that King has played. He was the headliner who brought nearly 1,000 dancers to the ballroom for the ball.

The Citations will provide music for the teens, featuring rock 'n' roll.

Return From Trip To Nassau

Mr. and Mrs. John E. Sims, Rte. 3, Antioch, recently returned from a cruise aboard the S. S. Bahama Star from Miami to Nassau.

Mr. and Mrs. John E. Sims

Woman's Club Gives Music Scholarships

Local artists, members of the Palette, Masque and Lyre Club, were among the guests at the Antioch Woman's Club meeting last Monday afternoon at the Scout House. Also present were a charter member, now living in Peoria, Mrs. W. W. Warner, and two out of town members who are not present very often, Mrs. A. H. Kaufmann, and Mrs. C. W. Pfleger.

The Education chairman, Mrs. O. W. Turner, announced the names of the Antioch High School students who will receive the scholarships to summer camps this year, provided by the club. Miss Betty Frank of the choir and Miss Barbara Cassella of the band will be attending Music Camp at Eastern Illinois University. Miss Marilyn Bennecke will be attending an Art session; and Mr. Bob Beece will go to Conservation Camp.

The state of officers, presented by the nominating committee, to be voted on at the closing luncheon meeting.

President — Mrs. Norman Jettie

Vice-president — Mrs. Joe Horton

Recording Secretary — Mrs. William Murphy

Corresponding Secretary — Mrs. James McMillen

Treasurer — Mrs. Ray Toft

Chairmen of standing committees:

American Home — Mrs. Frank Bones

Art — Mrs. Richard Elliston

Community Service — Mrs. Roman Vos

Education — Mrs. William Brook

Legislation — Mrs. Ted Larson

Membership — Mrs. Clarence Olson

Music — Mrs. Donald Purdy

Publicity — Mrs. Robert Wilton

Rehabilitation — Mrs. Clarence Spiering

Social — Mrs. Charles Watson

Ways and Means — Mrs. Jerome Vogler

The program was provided by Mr. Phil Austin, a prominent artist from Waukegan. He displayed a collection of his water colors, painted while traveling in New England and Florida this past year; scenes from the Northwest; and local Illinois scenes done very recently, including a winter ice fishing scene on Lake Michigan. He demonstrated his ability by doing a water color depicting a snow scene of one of Illinois' nine remaining covered bridges, and then presented the picture to the Woman's Club to use as they desire.

Plan July Wedding

Mr. and Mrs. Logan D. Wallace of Riverside, Connecticut, formerly of Channel Lake, announce the engagement of their daughter, Patricia Mary, to Mr. Joseph Stephen Breitenbach of San Francisco, California.

Miss Wallace attended the Channel Lake School and Antioch High School. She

Patricia Mary Wallace

was graduated from the University of Delaware and is now employed by L. Magnin and Co. in San Francisco.

Mr. Breitenbach, originally from Camus, Washington, was graduated from Washington State University and is a member of Phi Kappa Phi, Beta Gamma Sigma and Phi Beta Kappa.

He is associated with the California Packing Co. as Assistant Manager, Cost Planning Section.

A July wedding is planned in Connecticut.

Consistency is the last refuge of the unimaginative.

—Oscar Wilde

St. Stephens Prepares For Formal Organization

As of Easter Sunday, 95 adults and 50 children have signed the parchment charters of St. Stephen Lutheran Church of Antioch. Sixty adults were needed for formal organization. On Sunday, April 25, the charter will be "closed" having been "open" since April 4.

Much preliminary work regarding congregational organization, committee formation, and stewardship programming is necessary before St. Stephen can be accepted as a new congregation of the Lutheran Church in America.

Sunday evening, April 25, at 8 p.m. all adult members will meet at the Savings & Loan room for an official organizational meeting. Among other business, the Constitution will be adopted, and the official church council will be elected. To date, the planning committee, Ev Otfedahl, Henry Skogstad, Jr., James Lienhardt, Phillip Rich, James McMillan and John Bletsch have handled the business of St. Stephen. Pastor LaVerne Anderson, Board of American Missions Regional Director, L.C.A. will be present.

On Wednesday, April 28, 8:00 p.m., the congregation will meet with Mr. Harold Anderson, of St. Paul, Minn., Regional Counselor on Stewardship, L.C.A., in order to be guided in forming a program of stewardship. 100% congregational attendance is necessary. The planning committee and Every Member Visitors will meet on Thursday, 8:00 p.m., to plan

a program of every member visitation. The organization of St. Stephen through formal reception of members will take place on May 2. Rev. Wilton H. Anderson is pastor. Mrs. Lillian Jones, Lake Villa, is Organist-Choir director. Mrs. Wilton Anderson is Church School Supt. pro-tem.

Social Notes

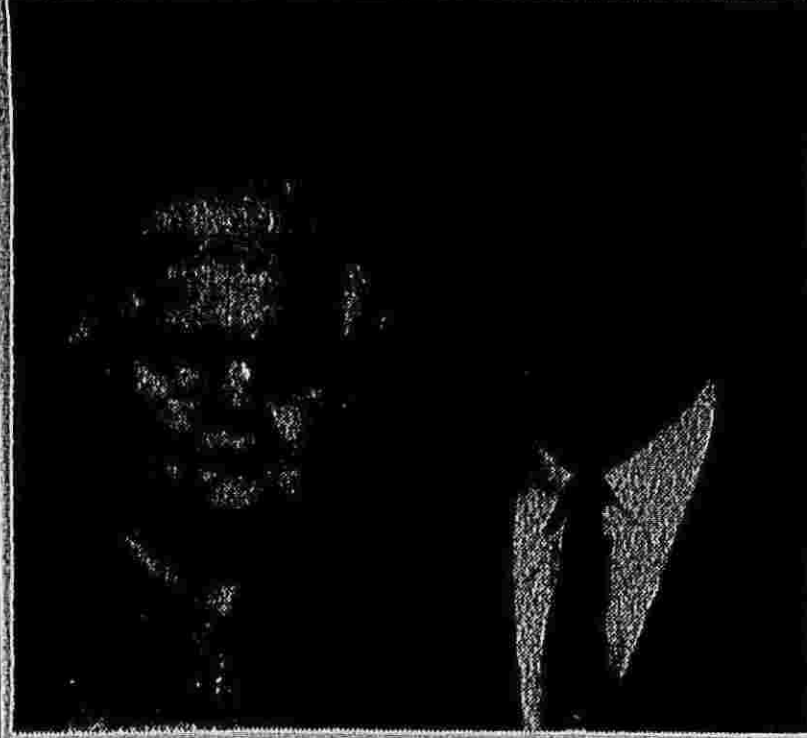

By Del Jahneke

The Order of Martha No. 704, St. Anthony's Household, will hold a public card party on Friday, April 30, at 8:00 p.m. at the Antioch Savings and Loan Community Room. Mrs. Mae Petersen, chairman, and her committee of Mrs. Herman Rehberg, Mrs. Emily Petersen, Mrs. Teresa Kranz, Mrs. Estelle Gatch and Mrs. Alma Berg are working hard to make this a pleasant and enjoyable evening for everyone present.

RUMMAGE SALE FRIDAY & SATURDAY

The Mothers' Auxiliary of Troop 92, Boy Scouts of America, is having a rummage sale at the Scout House on North Main St. from 9 a.m. to 9 p.m. on Friday, April 23, and from 9 a.m. to noon on Saturday, April 24.

The proceeds of the sale will go to finance the many activities of the Mothers' Auxiliary.

Mr. and Mrs. Walter K. Hills

Open House To Celebrate Fifty Years Of Marriage

Mr. and Mrs. Walter K. Hills, Rte. 2, Antioch, will be guests of honor at an Open House in celebration of their 50th wedding anniversary on Sunday, April 25.

The anniversary celebration will be hosted by the Hills' four sons, and will be held in Wesley Hall in the Antioch Methodist Church. The Open House will be from 2 to 5 p.m.

Walter Hills and Agnes Laursen were married on April 22, 1915, at the Laursen home near Antioch. Mrs. Hills is a native of Antioch.

Mr. Hills came to Antioch from England at the age of 19.

The Hills' four sons will all be present for the Anniversary celebration — Kenneth, from San Diego, Calif.; Raymond, Woodstock; Donald, Lake Villa; and Walter, Jr., (Corky) of Antioch. The Hills have eleven grandchildren.

Mrs. Hills' brother, Thorvald Laursen of Racine, a member of the wedding party fifty years ago, will also be at the Open House.

Carmel High Mothers Slate Fashion Show

The Carmel Mothers' Club will hold its second annual Fashion Show and luncheon at the Carmel High School in Mundelein on Saturday, April 24, starting at 12:30 p.m.

Mrs. Vincent Hawks, Antioch, and Mrs. John Strelt of Deerpfield will be in charge of programs. On the committee greeting the parents of incoming freshmen will be Mrs. Vincent Hawks and Mrs. George Sedivec of Antioch.

PHYSICAL EDUCATION DEMONSTRATION AT GRADE SCHOOL P.T.A.

A regular meeting of the Parent-Teachers' Association of the Antioch Grade School will be held Monday evening at 8 o'clock at the school.

The program for the evening will be a physical education demonstration by Mrs. Brunk's and Mr. Ware's students.

Teachers to be honored at the meeting are Mrs. Ruth Baethke, Mrs. Mary Durr and Mrs. Paula Johnson.

Late-Bus Service To Be Permanent

On the basis of a report made to the Board of Education at a special meeting on April 14, the late-bus service at Antioch Community High School will be made a permanent part of the service to students. The service has been provided on an experimental basis for six weeks.

Some of the statistics reported by Lawrence Eggleston, Acting Assistant Superintendent, were that a total of 1066 students were carried by the late bus in 19 days of actual operation. The average carried per day was 56.1 students. The established bus routes seem to be

effective, as 515 were carried on the East route and 551 on the West route.

In presenting a breakdown into the reasons of students for staying after school and using the late busses, Mr. Eggleston pointed out that 360 students had remained to meet with teachers after school; 146 remained to use the library; and the remainder were spread through the various activities of the school. The actual cost, including salaries and gas, was computed as being \$8.07 per day. The total distance traveled by the late busses was 55 miles per day.

Continuation of this service was considered a real boost in the use of the library, the ability of teachers to meet privately with individual students, and in the operation of the extra-curricular program in the school.

DEATH NOTICES

JAMES N. FORSMAN

Mr. James N. Forsman, 20 years old of Oak Wood Shores Subdivision near Salem, Wis., passed away at 2 a.m. Sunday, April 10, from injuries received in an automobile accident on Hwy. 53 south of Burlington, Wis.

He was born July 7, 1944 at Highland Park, Ill., and moved to Round Lake, Ill. in 1945, and has resided at Salem since 1959. He had been employed for the past year at International Register Co. at Spring Grove.

His survivors are his parents, Nillo and Flora Forsman, and two sisters, Margaret and Patti Forsman, all at home.

Funeral services were held at 1:30 p.m. Wednesday, at the Strang Funeral Home in Antioch. Pastor Alvin Pinke of Christ Lutheran Church at Paddock Lake officiated at the services. Interment was in Salem Mound Cemetery near Silver Lake, Wis.

LAWRENCE C. GRAHAM

Mr. Lawrence C. Graham, 55 years old of Meadow Acres Subdivision at Powers Lake, Wis., passed away Friday, April 10, at 3:00 a.m. in Burlington Memorial Hospital after being ill 7 hours with a heart attack.

He was born Nov. 22, 1903, in Vernon County near Virgo, Wis., and resided in that area until moving to Camp Lake, Wis., in 1960, then moved to Powers Lake two years ago. He was a member of Wilmot Methodist Church and Local No. 72 of United Auto Workers Union. He had been employed for the past six years at American Motors in Kenosha as a mechanic.

Survivors are his wife, Agnes, ten sons, Lawrence Graham, Vales, Wis., Gary Graham, Rockford, Ill., Arvid Graham, Twin Lakes, Wis., Arlie Graham, Powers Lake, Wis., Larry Graham, Powers Lake, Wis., Ray Graff, Palm Dale, Calif., William Graff, Richmond, Ill., Tom Graff, The Dalles, Oregon; Paul Graff, Wisconsin Rapids, Wis., Jerry Graff, Powers Lake, Wis.; four daughters, Mrs. Conrad (Shirley) Thurn, Silver Lake, Wis., Mrs. Ron (Marjorie) Nedland, Twin Lakes, Wis., Miss Joann Graham, Powers Lake, Wis., Miss Pamela Olson, Viola, Wis., two brothers, Mr. Hallie Graham, Whitewater, Wis., and Mr. Ardell Graham, LaCrosse, Wis., and 15 grandchildren.

Funeral services were held at 2 p.m. Monday at the Wilmot Methodist Church at Wilmot, Wis. The Rev. David Kruse of that church officiated at the services. Interment was in Salem Mound Cemetery at Silver Lake.

MRS. LAURA G. HELTON

Mrs. Laura G. Helton, 91 years old of Channel Lake Bluffs Subdivision near Antioch, passed away Thursday, April 15, 1965, at 3:15 a.m. in Zion Nursing Home after a lingering illness. She was born Nov. 28, 1873, at Baltimore, Maryland, and moved to Chicago as a child, where she lived until moving to Antioch in 1940.

She married Ala E. Helton on April 15, 1922 and he preceded her in death on Oct. 29, 1964. She is survived by a step-son, Richard C. Helton, and a niece, Mrs. Naomi Helton, both of Glen Ellyn, Ill.

Funeral services were held at 11 a.m. Saturday at the Strang Funeral Home in Antioch. The Rev. Donald Cobb of the Antioch Methodist church officiated at the services. Interment was in Oakridge Cemetery, Chicago.

Gels Award For Extra Service

GREAT LAKES—Richard D. Endean, 608 North Main St., Antioch, received a \$300 award for special service to the U. S. Navy Electronics Supply Office, Great Lakes.

In presenting the award, Captain F. W. Corle, Supply Corps, USN, Commanding Officer, commended Endean for his outstanding dual performance as Supervisory Operating Accountant and Financial Manager. Mr. Endean assumed the extra responsibilities as a Supervisory Operating Accountant in charge of Accrual Accounting in addition to his work as Assistant Director of the Financial Control Division. He undertook these dual operations for more than six months, until a suitable accountant could be recruited and trained.

"Assumption of the additional duties of Accrual Accounting Supervisor contributed to the efficient, economical operation of the Financial Control Division during this period of great change," the Commanding Officer stated. In recognition of this special service, Captain Corle presented a certificate of commendation and a cash award to Endean.

French Elected Mayor Of Lindenhurst

Admiral Reginald H. French defeated incumbent mayor Ted Flanagan and Dudley Mertes to win the mayor's seat in the Lindenhurst village election, held Tuesday.

French was the winner with 215 votes; Mertes drew 176 votes, and Flanagan, 181. Luella Stanley won the race for village clerk with 282 votes; for trustees, John Gibbons (2-year term) with 245 votes; George Gilliland, 289; Donald O. Tuttle, 283 and Fred Gilson, 289, won the four-year terms as trustees.

Defeated candidates were Melissa Shepler, clerk candidate, 234; trustee candidates Robert Bunkelman, 260; Albert Hart, 263; Richard Finley, 215.

Claude Anderson received 91 write-in votes for trustee; Larry Klamfoth, 2 votes, and Patricia Reinhart, 31 write-ins for clerk.

Straight votes cast for the Citizens Party numbered 155, and the United Party 111.

On Honor Roll At Carmel High

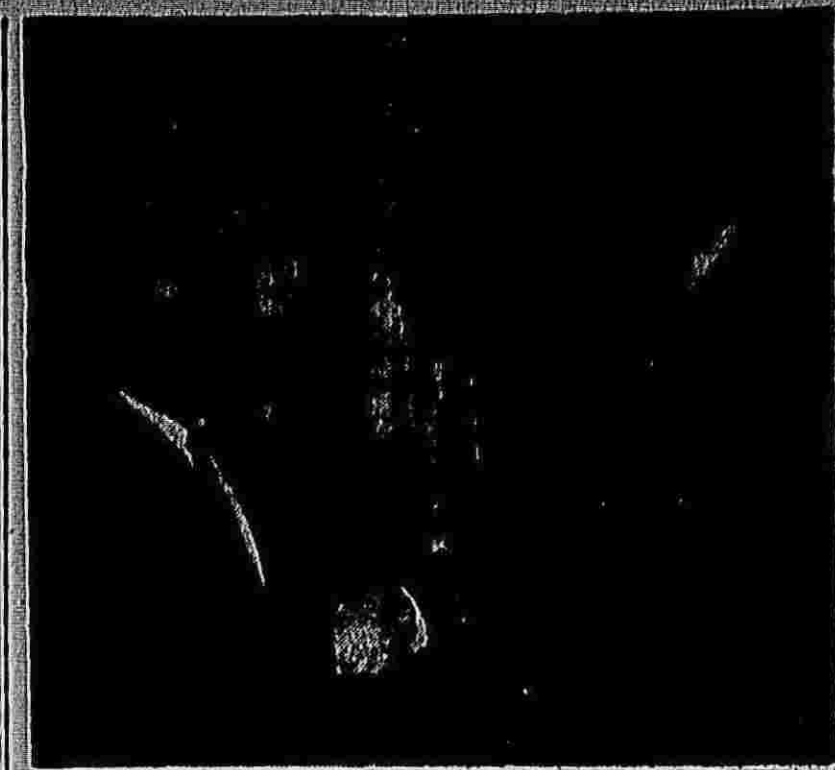

Carmel High School in Mundelein has announced their third quarter honor roll. First honors require a grade average of 3.5 or above; second honors, 3.0 or above.

Antioch residents who made the First Honor roll are Robert Sedivec, Lynn Szymoniak, Susan Sedivec, and Kirk Vistain. On the second honor roll were Christine Moser and Julia Zannini.

KNIGHTS OF COLUMBUS FETE BASKETBALL TEAMS

The Knights of Columbus of St. Peter's Church hosted the basketball teams and cheer leaders of St. Peter's School and Prince of Peace School Tuesday night, April 20, at the American Legion hall in Antioch.

Coroner Orville Clavey addressed the youngsters and their hosts.

RICHARD ENDEAN, Antioch, (left) receives congratulations from Captain F. W. Corle, Commanding Officer of the U. S. Navy Electronics Supply Office.

Spring Band Concert At Central High

The Central High School instrumental department will present its annual spring concert on Tuesday, May 11, at 8 p.m.

The high school band will present a varied program, including music in the classical and contemporary idioms, as well as marches and novelties.

A special feature will be presented by the percussion ensemble which earned a superior rating at Whitewater in March.

Also included in the program will be selections by the Cadet and Junior Falcon Bands composed of students from the Brighton and Salem elementary schools.

To Attend Sales Conference

Richard Janka, Route 1, Antioch, Allstate agent in Fox Lake, and his wife are to attend a sales conference of the All State Insurance Companies in Miami, in the near future.

Mr. and Mrs. Janka will take part in the 14th annual "Conference of Champions," which will include meetings and round table discussions with top executives of the company.

Janka qualified as a member of Allstate's exclusive "Honor Ring" organization by being among the outstanding sales representatives from the ranks of nearly 6,000 Allstate agents.

If you are a safe driver, you are a courteous one. Prepare to yield the right of way to prevent accidents; when other drivers assert themselves, A knowledge of the courteous acts of others and make courtesy part of your driving.

Activities Scheduled At Central High

On Saturday, April 24 at 8 p.m. the senior class of Salem Central High School will present its Variety Show at the school gymnasium. Featured will be modern dances, gymnastics, vocal and instrumental solos, skits and many other specialties.

Music Dept. Schedule Heavy—Both the band and chorus will participate on Saturday, May 8 in the large group contest at Whitewater. Each group sings 3 songs, 1 required and 2 selected by the group, and the band follows the same routine. They will receive ratings according to their performance, from 1 through 5, the 1 rating being the highest.

On Tuesday, May 11, the band will hold its spring concert at the Salem Central High School gym. There will be marches, solos, modern music, dance band music. All members and friends of the school are invited to attend.

Public Aid Rolls Rise In January

In January, there were reductions in the Old Age Assistance and Blind Assistance rolls, and increases in the number of persons receiving Aid-to-Dependent-Children, General Assistance and Disability Assistance. Harold O. Swank, director of the Illinois Dept. of Public Aid, said 6,225 more persons received public aid in January 1965 than in the previous month.

The total public aid paid in January in Lake County was \$140,920.00. The number of persons receiving the aid was 2,788.

Modern New Bank Building Boasts First Elevator In Village

The new home of the State Bank of Antioch will have an Antioch first—the first elevator in town.

The elevator will be for the convenience of safe deposit box users. The elevator will be located in the front vestibule of the bank, and will take customers to the basement.

The new home of the bank will be on the corner of Lake and Spafford Sts. "We're aiming for completion of the building by November 1," said William Brook, president of the bank.

The new building will be 74' x 84', located on the northwest corner of the property on the corner of Lake and Spafford. The site has been cleared and is ready for work to start.

There will be two drive-up windows on the south side of the building, and a walk-up window on the west, with direct access from the parking lot. The entrance for the drive-up windows will be on Spafford St., with the drive leading around the west side of the building and exiting on Lake St.

There will be two more entrances for traffic on Spafford, leading to the parking lot on the west side of the building, which will be on Lake St. There will be room for about 65 cars to park in the lot.

The bank will be a square, attractive brick building, one story and basement. The front entrance to the bank will be on the north side of the building, facing Lake St.

The front entrance to the building is flanked by two large windows on each side. Panels of decorative Yucatan stone, arranged in patterns, will separate the windows. The top portion of the building will be a contrasting band of var-colored mosaic tile imported from Italy. The large windows that make up most of the building front are repeated on the sides.

The front door opens into a vestibule. In the vestibule are a night-letter drop, a stairway and the elevator. Opening off the left side of the vestibule is the installment loan department, with three teller's windows and offices. This department can be shut off from the main lobby by folding doors. Tentative plans, Mr. Brook says, include the possibility of keeping this department open after regular banking hours.

The large main lobby of the bank will have ten teller's windows. The present building has seven windows. From the bank vestibule, the elevator and the stairway will lead to the base-

ment. The vault, a lounge, safe deposit boxes and booths for use of safe deposit users, are in the basement. The bookkeeping department will be located here, plus several offices and a Directors' room. A utility room and

washrooms take up the balance of the basement.

The heating and air conditioning units are located in a penthouse on top of the bank.

Bank officials expect to have sixteen teller's windows operating to start with. There is provision for more, if needed. "We've tried to plan so that there will be no inconvenience of waiting in line for service," Mr. Brook said. "The separation of the loan department from the rest of the bank will speed up service also, as will the drive-up and walk-up windows."

Moving Day at the bank will be a Herculean undertaking, as everything must be moved in one day and night, so that the bank can be open for business on Monday morning.

Architects of the new bank building are Bettenburg, Townsend, Stolte and Comb of St. Paul, Minn. Mr. Marlow Hiling, who handled the remodeling of the present State Bank, is handling the present plans.

FRIENDS:

In appreciation for your support, my sincere thanks for re-electing me as your village clerk.

Student From Hong Kong Visits At Local Home

Jim Fong, Hong Kong, was a guest of the Arthur Hanke family on Orchard St. for the long Easter vacation.

Jim is a friend and schoolmate of Wayne Hanke. The two boys are freshmen at Wisconsin State University at Whitewater.

Jim arrived in America last September. He likes Whitewater "because it's quiet and not so crowded." Hong Kong, he says, is very crowded and noisy. He hopes to spend two years at Whitewater, then go on to the University of Illinois to finish his engineering course.

Many Chinese young people come here to study, he says, because there are very few colleges in Hong Kong, and they're overloaded. Hong Kong is not part of Red China, he points out, but a British colony.

Four of his countrymen are also students at Wisconsin State, three of them former classmates of his in Hong Kong. That helped to keep him from getting too homesick, he says.

He won't be going home for summer vacations, he says. But his father, who is captain of a ship traveling between Hong Kong and New York, has phoned him twice, and Jim hopes to go to New York this summer and see his father.

He speaks excellent English—the result of studying English in school, he says. His life in this country started with a series of confusing events that might have discouraged a less determined youngster.

His plan to come to the U. S. by ship had to be canceled when he found the ship's arrival would be too late for him to enter school. So he flew by jet.

Arriving at O'Hare airport in Chicago, a man who was supposed to have met him there never showed up. Jim waited two days, then the man arranged to meet him the next morning to take him to the bus station for his trip to Whitewater. When he failed to arrive in time, the motel called a cab for Jim. The cab driver told him it was too late to get to the bus station on time, and suggest-

ed that he drive Jim to Whitewater. Still confused by our currency, Jim aged and paid \$45 for the cab fare to Whitewater.

Jim's philosophical about the confusion. He still likes our country, and Americans. He's found Americans friendly, he says, and is deeply grateful to the Hanke family for their hospitality.

ed that he drive Jim to Whitewater. Still confused by our currency, Jim aged and paid \$45 for the cab fare to Whitewater.

Mother-Daughter Banquet

The Women's Society of Christian Service of the Lake Villa Methodist Church will hold their Mother and Daughter banquet on May 5, at the church on McKinley Ave., Lake Villa. This year marks the silver anniversary of the Woman's Society of Christian Service. Tickets for the banquet are now available. For reservations call Mrs. Albert Mohr, El 6-5615, by April 25.

The Society will hold its installation of officers at the banquet. The following will be installed for the coming year, which begins June 1: Mrs. Melvin Colbert, president; Mrs. Bernard Knipple, vice-president; Mrs. Lois Hollman, recording secretary; Mrs. Donald Warner, treasurer. Secretaries of Liaison are: Mrs. Emory Holway, Campus Ministry; Mrs. Helen Connell, Christian Social Relations; Mrs. Eleanor Prather, Membership Cultivation; Mrs. John Miller, Missionary Education and Service; Mrs. Clara Perry, Program Materials; Mrs. Edna Ruck, Spiritual Life; Mrs. Virgil Smith, Vocations.

The Martha Circle of the Lake Villa Methodist church met Wednesday (April 21) at the home of Mrs. Bernard Knipple in Venetian Village.

Sandra Bartlett entertained a few of her playmates last Saturday at a party in observance of her eighth birthday. She received many gifts. In the evening her grandparents, Mrs. Ruth Karolius and Mr. and Mrs. Fred Bartlett, Sr., enjoyed cake and coffee.

House Warming Party
Mr. and Mrs. Fred Bartlett, Jr., were surprised at a house-warming party last Saturday. Fifteen relatives and friends gathered for an evening of games and fun. A buffet luncheon was served, which was enjoyed by all.

Visitors
Mr. and Mrs. Fillweber and daughter of Antioch were visitors Sunday at the home of Mr. Everett Galiger.

Mr. and Mrs. Joe Nader, Sr., and Mrs. Ollie Tweed spent a couple of weeks visiting Mr. and Mrs. Junior Tweed and family at Wheatridge, Colorado.

Jim Barnstable returned to the Army Camp at Fort Knox, Kentucky, where he is stationed, after spending a leave with his parents in Lake Villa.

Mr. and Mrs. Fred Bartlett, Sr., were dinner guests Easter at the home of their son, Fred, Jr., and family.

Mr. and Mrs. Leif Larson and family, Mr. and Mrs. Elmer Keisler and family of Antioch, Mr. and Mrs. James McGrain and family of Waukegan, from Lake Villa, Mr. and Mrs. Danny Slazes and Mr. and Mrs. Frank Slazes, Jr., and family were guests on Easter Sunday at the home of Mrs. Frank Slazes, Sr.

Salvation Army Doughnut Chairman
Mrs. Fred Bartlett, Sr., has again been appointed Salvation Army Doughnut Day chairman of Lake Villa. Anyone wishing to donate a couple of hours selling tags, please contact her at her home, phone 356-5372, any evening. Your help will be appreciated.

Mr. and Mrs. Louis Galiger of Millburn were Easter guests at the home of Mr. and Mrs. Frank Galiger and family.

Students Combine Work and Study
Thirty-six Grinnell College students participated in inner-city work-study projects in four cities during the spring's recently completed spring recess.

Stephen L. Chandler, son of Mr. and Mrs. Emory H. Chandler, 1048 Bishop St., Antioch, was one of the students participating in the projects.

The projects, sponsored by the Social Action Committee of the college's Board of Religion, were carried out in Chicago, St. Louis and New York.

The Grinnellians worked through churches, community centers, settlement houses, schools and welfare groups in the four cities. Purpose of the projects was to give the students a firsthand look at the people, problems, and potential of the inner-city in large cities.

Red Cross Continues Work In Tornado Area In County

Red Cross disaster relief continues in Lake County even though the Palm Sunday tornado that caused major damage in the Wauconda-Island Lake area is only a memory.

At least a dozen families have applied for financial assistance. The Red Cross temporary office is located in the Island Lake Shopping Plaza, next to the Walgreen Drugstore. Hours are from 8:30 to 4:30 weekdays, and from 8 a.m. to 1 p.m. Saturdays.

Donated clothing has been transferred to the former Mazorus Hardware store. Families that need clothing should report there.

Disaster relief, as delegated to the Red Cross by the U. S. Congress in 1905, has two major stages.

First is emergency assistance immediately following the disaster. Most often this involves opening a shelter. Schools are the most satisfactory shelters because they have many rooms, food preparation facilities, and sanitary services.

Arrangements for designing buildings as emergency Red Cross shelters are made in advance, so there is little delay in opening shelters. Island Lake Grade School was opened as a shelter, but fortunately was not needed because all families routed from their homes stayed with friends or relatives.

Second comes the rehabilitation period. This lasts until the lives of stricken families return to normal. Any family that needs food, clothing, home repairs, medical attention for disaster-caused injuries, or burial assistance is welcome to apply for Red Cross aid.

All such assistance is a gift from the American people who support the Red Cross during its annual campaign. Aid is given solely on the basis of need.

Following a disaster, the Red Cross has the responsibility for caring for human needs. Civil Defense strives to maintain or restore orderly governmental services. The roles are separate, even though the two work together in disasters such as Island Lake's.

Every Red Cross Chapter in the U. S. must secure a

Tourism Bureau Plans "Down on The Farm" Campaign

Illinois' tourist promotion campaign will turn to the state's farmers next week and offer them suggestions for capturing a share of the multi-billion dollar tourist market.

A two-day Farm Recreation Enterprise Workshop will be held on Wednesday, April 7, and today (Thursday) in the Illini Union Building on the Urbana Campus of the University of Illinois.

Purpose of the workshop is to inform Illinois Farm owners and farm operators of benefit that can be derived by encouraging tourists outdoors or hunt, fish and hike.

More than 100 farmers, farm managers of banks, chamber of commerce executives and travel officials are expected to attend. This is the first meeting of its kind to be held in Illinois. It is being sponsored by the Illinois Board of Economic Development in cooperation with the University of Illinois' College of Agriculture, Cooperative Extension Service. Highlighting the meeting will be an address by Gov. Otto Kerner at a luncheon meeting today.

Coast Guard Gives Pay Raise To Officer Candidates

The Coast Guard has announced an increase in the pay of most of its officer candidates while they are undergoing training at the service's Officer Candidate School in Yorktown, Virginia.

Under the new program, college graduates attending the school will receive the pay of an "E-5", which is the paygrade of a petty officer second class in the Coast Guard or Navy and a sergeant in the Army or Marine normally drew "E-2" pay which is about \$85 per month. The new rate gives them an additional \$60 each month.

The Coast Guard's OCS program is open to male college graduates between the ages of 21 and 26. Successful applicants undergo a 17-week training program at Yorktown and then serve at least three years active duty as a commissioned officer in the Coast Guard Reserve.

Interested persons can get additional information on the OCS program from the nearest Coast Guard Recruiting Station, or by writing to: Procurement Officer, Ninth Coast Guard District, Main P. O. Building, Cleveland, Ohio, 44113.

Educate Welfare Recipients

The State of Illinois offers the most extensive statewide education programs in the nation for adult public aid recipients, according to a report prepared for the Department of Public Aid.

The Illinois programs are cited as a pioneering effort, with more students enrolled than are in similar classes in all the other states combined. In January 1965 more than 12,000 public aid recipients were enrolled in some 200 programs in 54 of the state's most populous counties in an organized effort to upgrade their education and job skills so they can become self-supporting through permanent employment.

The study was conducted in Cook, St. Clair, Jackson, Saline and Williamson counties.

Advance Registration For NIU In May

Advance registration for Northern Illinois University's Summer session will be on four Saturdays—May 1, 8, and 22, and June 12.

Regular summer registration will be Monday, June 14, from 8 to 11:45 a.m. and 1 to 3 p.m. The Summer session's 11-week term will be June 14-August 27; the 8-week term, June 14-August 6, and the 3-week term, August 7-26.

The Summer Session also is the last opportunity for high school seniors to enroll at NIU under current admission requirements. Summer enrollment will permit entrance of seniors in the upper two-thirds of their graduating classes. Beginning in the autumn semester, NIU will accept only those in the upper one-half of their graduating classes. Those in the lower one-half may take special tests for admission.

beat the heat with whole-house electric air conditioning for as little as 40¢ a day

If you've had the notion that central air conditioning is something reserved for rich people, you probably haven't checked into electric air conditioning lately.

Example: Since 1955, the installed cost for whole-house electric air-conditioning systems has dropped about 1/3. This means you can have central air conditioning installed in the average 6-room home for about \$800 to \$900—and make it a haven from heat and humidity.

What do you get besides cool? A healthy family for one thing. With an electronic filter sneezes will be few and far between because over 98% of the pollens are removed from the air. And, since windows stay closed, dust and noise stay outside too. Because you're comfortable, you sleep better and eat better.

What are the dollar-and-cents facts? Installed costs are low and there's less maintenance with an electric air-conditioning system. You can keep a whole 6-room house comfortable for an average of only 40¢ worth of electricity a day...based on a 120-day cooling season. (Actual electricity costs may vary depending on house design, construction, location and weather.)

It's easy to finance whole-house electric air conditioning. Lending agencies encourage central system air conditioning on the basis that a house without it will be obsolete more quickly, and will be harder to sell. Because of this, banks and loan companies are willing to extend a loan as a part of a mortgage or offer a short-term home improvement loan when you install a central system. Stop sweltering...call your air-conditioning contractor or dealer for a free estimate, today!

Sequoit Tracksters Beat Waukegan

Antioch tracksters buried Lake Forest in a dual meet last Thursday, 95 to 19, at Lake Forest. The Sequoits took first in every event and finished one, two, three in the 100 yard hurdles and the 220 yard dash.

Results:
120 Hll, Dalgard, 15.6, Kelly (A), Julian (LF), 100 dsh, Morgan (A), 10.4, Edward (A), Verbeke (LF), 880, Effinger (A), 2:10.9, Way (LF), Greear (A), 880 Relay, Antioch 1:37.0, 440 Swode (A) 56.1, Swatford (LF), Young (A)

180 LH, Dalgard (A) 21.0, Fabry (A), Kelly (A), Mile, Wojnowiak (A) 5:04.1, Beck (LF), Leavell (A), 220, Morgan (A) 22.0, Edwards (A), Fabry (A), Mile Relay—Antioch 3:51, Shot-put, Flood (A), 48' 2 1/2", Agazin (LF), Meyer (A), Discus, Flood (A), 130' 6", Monack (LF), Meyer (A), BJ, Edwards (A), 18' 8", Dalgard (A), Stafford (LF), HJ, Schenk (A), 5' 8", Johnson (A), Indian (LF), Pole Vault—Smith (A), 0' 6".
The Sequoit soph squad

led at 50 all in their end of the meet. Bista and Sheldon registered good times for sophomores in the 100 yard dash. The two boys finished one, two, with Bista checking in at 10.7 and Sheldon at 10.8 seconds.

The half-mile relay team took first in their event in the good time of 1:41.7, only 3.8 seconds of the varsity time. "Don Zeman is coming along very well in the pole vault," Coach Andrews said. Zeman took his event, going over the bar at 8' 6".

Mooseheart Relays Slated For May 1

More than 60 high schools, including Antioch, with a total of close to a thousand athletes have already entered the 23rd annual Mooseheart Invitational Relays to be held at the Mooseheart Stadium on Saturday, May 1, beginning at 9:30 a.m., DST. According to Harold Anderson, Mooseheart athletic director who is in charge of the relays this year, the Mooseheart meet will again be the second largest track and field meet held in the state of Illinois, being runner-up only to the state finals at Champaign.

Ross Anderson, athletic director of Oak Park High School, who has served as official starter of the Mooseheart Relays for the past 15 years, will be given recognition this year and will be presented a plaque by Supt. Walter H. Ketz, designating him as the "honoree referee."

Anderson is widely known, being a past president of both the Illinois High School Coaches Association and the Illinois Association of Health, Physical Education and Recreation. He has been a member of the Illinois Football and Basketball Committees for 20 years and of the Illinois Track Committee for 17 years.

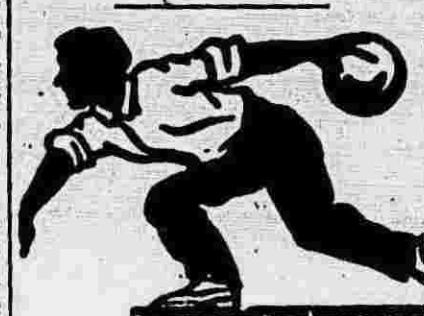

All field events will start promptly at 9:30 a.m. including shot put, discus, broad jump, high jump and pole vault. Morning track events will include preliminaries and semi-finals in the 100 yard dash, the 120 yard high hurdles and the 180 yard low hurdles. There will not be any preliminaries for the 880 yard run and this race will be run off in heats in the morning.

Other morning events will be the finals of the 440 yard freshman relays and the 880 yard sophomore relays.

Events slated for the afternoon are: finals of 180 yard low hurdles, mile relay, mile run, finals of 100 yard dash and 120 yard high hurdles, middle distance medley.

440 yard varsity relay, two mile varsity relay and 880 yard varsity relay. The winner of each relay will receive a trophy which will become the permanent possession of the school. Each boy who runs on the first place relay team will also receive a small trophy to keep. Ribbons will be given to boys on the second, third, fourth and fifth place teams.

In the special events, a trophy will be given to the winner with medals to the second, third, fourth and fifth place finishers. In the place of a tie, the judge will flip a coin to determine the winner.

Sequoit Tracksters Bury Lake Forest

Antioch edged Waukegan, 62 to 59, Tuesday in a triangular track meet at Waukegan. St Catherine of Racine rounded out the trio, with 27 points. Bruce Dalgard, Tom Morgan and Bob Flood led the parade as all three registered double wins. Dalgard won the 120 yard high hurdles with a

News of Lakesports

Speedway Opens On Schedule

The racing season will start at Waukegan Speedway this Saturday night, April 24, with a full program of modified and late model competition.

Many Modifieds are expected from all local tracks, including the Milwaukee Stock Assn. cars, who will match their skills with Lake County cars. Many new cars have been built over the long winter and the competition will be hot and heavy during the 1965 season.

Late model drivers will not be out-done and the fans will get their first look at this new division Saturday night. Due to rules changes in the Association late models will be moving as fast as the modifieds. Bigger engines, newer cars, compact bodies, and tire changes will

be some of the allowed modifications which will improve the Late Model division at the Waukegan Oval this season.

A check of car owners, drivers, and fans revealed everyone is anxious for opening night and they all agree the winter was entirely too long. The maintenance crews have worked long hours for this early opening and as a result the track and grandstand area is in excellent condition.

Fans are being asked to use the south entrance from Belvidere street rather than the Washington street entrance. The gates will open at 6 p.m., time trials will start at 7 p.m., and the first race of the season will get underway at 8:30 p.m.

Safety Tips For Ardent Anglers

Hooked by the fishing bug? If so, here's a line for you.

As one of the nation's 18 million anglers, remember to angle in on safe fishing practices when you head for sea, stream, or lake.

That's the message from "A Fisherman's Notebook," new color motion picture produced by Aetna Life Affiliated Companies to remind fishing enthusiasts that their "catch" could be trouble if a few rules of common sense aren't followed.

Written by Jack Rowles, veteran fishing expert who is also featured in the film, the movie takes viewers fly-casting for "rainbows" in Vermont streams, deep sea fishing off Nantucket Island, and surf-casting for "stripers" from Cape Cod beaches.

Here are some safety notes from "A Fisherman's Notebook":

Don't try to wade rock-bottom streams with plain rubber-soled boots. Soles of felt or leather with hobnails are less slippery and could make the difference between standing or swimming. Best bet is to find a safe spot in the water and stay there while stream fishing.

If you find yourself in water up to your neck, relax, and let the current carry you downstream back to shallow water. Don't fight the current, you'll waste your strength.

A stunned fish occasionally revives, so use a canvas glove to get a good grip and avert a wound from the fish's sharp fins or teeth.

Use pliers instead of a sharp knife to remove a hook from a fish.

Always wear a life jacket while fishing from a boat.

When surf casting, try to stand about 75 feet from your nearest fishing neighbor to allow plenty of room for maneuvering your line and hook.

Keep fishing equipment not in use stored in one spot, preferably in a box, to avoid tripping a fellow fisherman.

Before taking a boat out, learn and heed weather reports. Take along a compass and reliable navigational charts.

Persons fishing from a

time of 16 seconds flat and then came back to take the 180 low hurdles in 21.4. Morgan ran the 100 yard dash in 10.5 and the 220 in 23.5 for two wins and Flood won both the shot put and discus with tosses of 48' 2 1/2" and 129' 10" respectively.

Antioch took another first in the 880 relay with a 1:36.8 clocking. Bob Schenk registered the only other Sequoit first as he won the high jump with a leap of 5' 10".

Other Sequoit point winners were Tyrone Walls, 3rd in the 120 Hll, Jim Edwards, 2nd in the 100, Jim Effinger, 4th in the 880, Dave Fabry, 4th in the 180 LH, Tom Wojnowiak, 4th in the mile, Edwards, 2nd in the 220, Walls, 2nd in the shot and 3rd in the broad jump, and Williams, 4th in the discus.

Students Chosen For Badger State

Four students, two junior boys and two junior girls were chosen by the faculty to represent Salem Central High at Badger Boys and Badger Girls State at Green Lake and at Madison early in June.

They are Robert Molini, son of Mr. and Mrs. Roy Molini of Route 2, Kenosha and Donna Richter, daughter of Mr. and Mrs. Ray Richter, Route 3, Burlington who will be sponsored by Schultz-Hahn American Legion Post, and its Auxiliary of Silver Lake; and Robert Pofahl, son of Mr. and Mrs. Charles Pofahl, of Route 2, Kenosha, and Carol Nielson, daughter of Mr. and Mrs. Lyle Nielson of Route 2, Union Grove,

who will be sponsored by Central High School Community Club.

All four students have been active participants in many scholastic as well as sports activities in the school. Some have been active in music and in FHA and FFA and cheer leading. All are honor students.

PTA Schedules State Convention

The Illinois Congress of Parents and Teachers will be held at the Pere Marquette hotel in Peoria, from May 6 to 8.

Several thousand representatives of PTA members will be attending the three-day sessions. Theme of the convention will be "Facing Tomorrow Today."

Zing into spring! Chevrolet Impala

Chevrolet Impala Super Sport Coupe—one of two bucket-seated beauties for '65.

People who buy other big expensive-looking cars get one thing you won't (big expensive-looking payments)

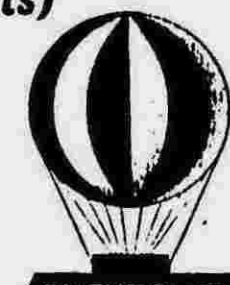

It looks like a big car. And is—by almost any standard you want to apply.

Width? Nobody builds a car as much as one inch wider. Length? It grew three inches this year. Roominess? Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too.

Luxury? Nice little touches like the look of mellow walnut across the Impala's instrument panel. And big touches. Like the fineness of the same Body by Fisher workmanship that makes some of America's most

expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jet-smooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. Price? That's where Chevrolets fall way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

One last question: How soon can you make a good spring buy on a Chevrolet? One last answer: Just as soon as you can get down to your Chevrolet dealer's.

HIGH TIME TO TRADE AT YOUR CHEVROLET DEALERS

Students Learn Basic Principles of Selling

Students in Salesmanship at Antioch Community High School are getting some practical experience in the everyday chores of a retail businessman, thanks to the cooperation of Antioch merchants.

One of their projects is making up display "windows" as they would have to if they were store owners.

Antioch store owners loan merchandise to the students so they can make up displays. They also help them out with advice.

Richard Olson teaches the salesmanship course at Antioch High. "Fundamentally, it's teaching the student to sell himself," Olson said. "Along with it, they learn something about the many ways and kinds of selling—for example, the display window."

"We're using old trophy cases now," Olson said. "This summer we hope to build cases better suited to this work—softer wood in the back of the case, for one thing."

There are 55 students in the two salesmanship classes at the school, about equally divided as to boys and girls. "We try to teach them that a good salesman tries to help a person to reach a buying decision that will benefit him," Olson said. "And, of course, we try to acquaint them with the numerous problems and jobs the retail merchant has. Such as window dressing, of course. That's a profession in itself, but the small merchant has to handle it himself."

For the window displays, we try to teach them balance, color combinations, having a center of attention. Sometimes they even show a little

SALESMANSHIP STUDENTS at Antioch High School made up this window display geared to the Easter season.

creative ability."

Along with their knowledge of salesmanship, the students are learning something of the problems of local businessmen through their cooperative effort.

Mr. Olson also has a course in Business-Law.

Museum Changes Visiting Hours

Visiting hours will change at the Museum of Science and Industry next Sunday, April 25, when daylight saving time returns to the Chicago area.

Until daylight saving time stops in late October, the Museum will be open to visitors between 9:30 and 5:30 p.m., Monday through Saturday inclusive; and from 10 a.m. to 6 p.m. on Sundays and holidays.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

St. Mark Lutheran Church

The Senior Choir robes were dedicated Easter Sunday, that were given by an anonymous giver. The congregation is most thankful.

Thursday evening at 7:30 there will be a meeting of the newly formed "Shepherds."

Confirmation classes will resume Saturday morning at 9:00 and 10:30.

Mr. and Mrs. Ed Bybee and Mr. and Mrs. Roy Jacobs are co-hosts for the Couples Club hay-ride party scheduled for Sunday at 3 p.m. Forty-two persons have signed up to attend. Supper will be back at the church all purpose room.

First Baptist Church Of Lindenhurst

The Christian Youth Crusade is scheduled to conduct the worship services at the First Baptist Church, Sprucewood at Brook Lane, on April 25 at 10:45 a.m. These are a group of eight young men who are converted drug addicts.

They present a drama which tells the story of drug addiction and how they conquered it through the power of Jesus Christ. This will be presented during the April 25, Sunday evening service at 7:30. The public is invited. A nursery will be provided for children under 4. For further information, please phone Rev. Joe Baker, pastor, at 356-7501, or 356-8775.

Smorgasbord
The Parent-Teacher Association of the Lake Villa and B. J. Hooper Schools will sponsor their annual Smorgasbord Sunday, April 25, at the Lake Villa Grade School on Routes 132 and 83, from 12 noon until 5 p.m.

It is being run a little different this year. Only the kindergarten mothers are

being asked to send cake. Elaine Padjen is preparing all the food, except the Swedish meatballs that five ladies have made, and the deviled eggs that other women will prepare this week. If you are familiar with Elaine Padjen's service, you know that you will enjoy the dishes that she and her staff have prepared. This is the only fund raising affair the PTA has all year and they hope everyone will attend this year as well as they have in the past. Some of the money raised will be used to pay for the bus, the driver and the teacher who must attend when the children go on roller skating trips, which is about once a month.

Prince of Peace Church

The C.Y.O. Club will hold a record hop on Friday, April 23, in the church hall from 8 p.m. till 11 p.m. Refreshments will be served.

The C.Y.O. will receive Holy Communion next Sunday, April 25, at the 9:15 mass. Breakfast follows.

The Altar and Rosary Sodality will have a Mother-Daughter Communion Sunday on May 2, followed by breakfast at Lorenz's Smart Country House in Antioch. Reservations may be made with the Altar and Rosary members after mass next Sunday, April 25.

The annual rummage sale, sponsored by the Sodality, will be held on June 25 and 26. While doing your spring cleaning, please put aside any useful article for this rummage sale.

The Holy Name Society will hold its regular monthly meeting Tuesday, April 27, at 8 p.m. in the parish rectory. A speaker from the Serra Club International will present a talk to the men and their sons regarding vocations. Seventh and eighth grade pupils and high school students are invited to attend. Refreshments will be served.

Rummage Sale

The Lindenhurst Women's Club is having its annual rummage sale Saturday, May 1 at the Lindenhurst Civic Center, 1949 E. Old Elm Rd., from 9 a.m. until 5 p.m. Rummage is needed. For pick-up please call Lois Flanagan or Nancy Klossner, co-chairmen, or Evelyn Lazansky or Zenia Neumann. Any usable articles will be greatly appreciated.

Pep Up Your Sales with An Ad in the News & Shoppers' Guide

New rate reduction on gas heat is happy news for everyone!

(almost)

Are you still heating with expensive, space-consuming fuel—instead of enjoying clean, dependable, low-cost gas heat?

CHEER UP. The change to gas heat is easy. The comfort and savings are great. Gas costs less than any other fuel. And the cost keeps coming down. In fact, our \$7.2 million rate reduction, effective April 1, is the sixth major reduction since 1962. Small wonder that 99% of all new homes in Northern Illinois Gas territory have gas heat.

Convert to low-cost gas heat now. Your heating contractor offers EASY-PAY-PLAN financing, with up to five years to pay. No money down. Payments as low as \$3 a month. Gas heat savings soon pay for the conversion. And you'll keep on saving year after year. Visit your heating contractor, or call Northern Illinois Gas Company at the number listed below and ask to talk to one of our heating experts.

EL 6-2081

Check this PROOF-OF-SAVINGS chart.

	Typical Annual Heating Costs*	Savings with Gas
Gas	\$132	\$
Oil	224	92
Coal (hand-fired)	227	95
Electric (resistance)	467	335

*Fuel costs for heating a typical insulated home with basement as based on competitive fuel prices prevailing April 1, 1965, in Northern Illinois Gas Company territory adjacent to Chicago.

Gas makes the big difference... costs less, too.

Who Says Johnny Can't Read?

Who says Johnny can't read? A good many Johnnies, and Joans, can read, spell and figure, judging from the following responses: The children of Miss LaPlant's Fifth Grade at Grass Lake School were asked to write what they liked to do best in school, and why.

Following are the responses:
I like making up tall tales the most. When I think of tall tales, I want them not too human characters and I make them bigger than really are.—Scott Albright
I like to do Science, because every time I read a story it gives me a funny feeling.—Patricia Bye
I like to do Arithmetic the best because I like to work with figures.—Richard Cerk
Arithmetic. I like to hear about my grades in Arithmetic. It is my best subject. I like to do the pages that I'm asid to.—John Fleider
I like Spelling the most. I feel I have accomplished a lot when the words are written all right. When I write a letter, I see I have spelt many words wrong when I reread it. I think I should learn more words.—Robbyn Flint

Social Studies. Because it helps me understand my country and why it grew.—Ed Galanopoulos
Arithmetic—Helps me to know how to multiply, divide, add, subtract, and calculate.—Sally Holstrom

I like Arithmetic very much, especially division, and story problems.—Katherine Kaminski

I like Social Studies because it tells me what our country was like in the early years, and because once in a while we have a city bee.—Linda Kanka

I like to read. I think the Reader's Digest books.—Patricia Kjellstrand

Arithmetic. I like to write numbers.—Randy Koppen

Writing—it makes my figures better.—Cathy Krantz

I like to read. Reading is my best subject. I like to read stories in our Sky Lines. I like to read Bobsey Twins books.—Bonnie McBride

Spelling. I like to write words six times and take the

tests because I am a pretty good speller.—Wayne Okresik

I like to do Language, because I like to correct sentences that are wrong.—Debra Reider

Language, because you have to talk correctly to get a good job.—Michael Reider

Art. I like art because sometimes you get to draw what you want, and I like to draw horses because I love them.—Joanne Robis

Reading in Reader's Digest. I like to read the story and answer the questions.—Joan Stiskal

I like to do Arithmetic in multiplying and adding.—Daniel Sullivan

Tune Up Your Car For Spring Driving

A vital part of your car care is the annual spring check-up, according to John H. Strubben, director of the Chicago Motor Club's emergency road service department. He urged motorists to visit their local garage and have their car thoroughly prepared for the months of warm weather driving.

Spelling—I like Spelling because I learn how to spell new words and learn how to use the words correctly.—Peggy Wilson

Science. I also like health and studying plants. I want to be a nurse and I like health and science.—Karen Yapp

I like Arithmetic the best. I like it the best because I understand it better than I do.—Brian Zale

ahead.
After a long winter, it is important for safe and economical driving to give your car a spring tune-up," Strubben said. "Even today's modern vehicles that are engineered to require less attention still need a twice-yearly check-up to insure dependable operation."

The Chicago Motor Club makes the following suggestions to improve your spring and summer driving:

—Drain and flush radiator; refill with clean water and a good rust inhibitor.

—Rotate wheels and bring spare tire into use. This will even the wear on all tires and prolong their life.

—Check the front wheels for proper alignment and balance.

—Check aiming of headlights; see that tail, brake, and direction indicator lights are in working order.

Check cell condition and fluid level in battery.

—Drain engine oil and renew filter element if recommended by your owner's manual; refill with recommended summer grade.

—Completely lubricate the chassis. Oil and grease latches and other points normally not covered in regular grease job. Use powdered graphite in locks.

—Inspect windshield wiper blades for wear, and check tension of wiper arms.

—Check for proper tension on fan and generator belts. Replace if worn.

—Clean air filter and "breather pipes" on engine.

—Check starter, distributor, or voltage regulator operation.

—Check carburetor operation; make sure automatic choke mechanism works freely.

The Observer
What we wanna know is, can a mouse chew chewing gum? Anyways one of the boys left a stick of gum out in the shop the other eve, and in the am. when he came to work, most of it was gnawed away. So new idea for bait. We offer it for what it's worth, and hope we don't get stuck with it. . . . Ya, we know it's kind of corny joke, but as we have oft observed, Observer readers can take it.

'Operation Spotlight'

Was Instituted By F. Skowronski

F. Lindy Skowronski, Fox
Lake, is a member of the
Lake County Safety Commis-
sion.

He has been instrumental
in instigating and promoting
many of the initial programs
of the Commission.

His outstanding accom-
plishment was the formation
of "Operation Spotlight" in
which a collective coordina-
tion of police activities and
deployment of manpower to
trouble spots in the county
were put in action. The
Commission awarded him a
plaque for this program.

Mr. Skowronski has been
with the Commission for the
past four years. His ener-
gies are boundless and he
will leave no stone unturned
to promulgate and impress
upon the people of this coun-
ty the terrific need for re-
ducing the needless death
and injuries which keep
mounting up year after year.
He contends that speed is
the leading contributing fac-
tor to death on the high-
ways. "It would be well for
each and every motorist to
be conscious of the fact that
the highway is not a speed-
way," he said.

Mr. Skowronski is a real
estate broker and lives in
Fox Lake. He was appointed
as a commissioner in Janu-
ary, 1962.

Other projects to his credit
include: development of a
stopping distance guide for
motorists and also a speed
chart which illustrates how
little time is gained by travel-
ing at high rates of speed.
These two items were order-
ed in quantity and distrib-
uted at safety meetings and the
county fair.

He has been guest speaker
at several business men's or-
ganizations. He worked
with several municipalities
last year to help establish a
Vehicle Safety Check Pro-
gram for their community.
Serving on the Special
Projects Committee and the
Statistics Committee will give
him the opportunity to con-
tinue with the achievements

About the only thing that
comes to him who waits these
days is a beard.

Watch Out For Chuckholes, Says Chicago Motor Club

The Chicago Motor club
cautions motorists that this
is the season to be on the
lookout for chuckholes, es-
pecially after a rugged win-
ter like the one just past.

Chuckholes in the pave-
ment of our streets and
highways result when water,
frozen in the road surface,
thaws, causing the pavement
to break up. The holes can

be extremely dangerous and
can cause extensive damage
to your car.

Your car's tires can receive
damage from striking a
chuckhole which, if unde-
tected, could eventually
cause a blowout. Hitting a
chuckhole also could put
your wheels out of alignment,
which in time would result
in severe and uneven wear on
the tire, motor club safety
experts say.

It is possible that if you
run into a deep chuckhole
at high speeds, you might

even break an axle or over-
turn your car.

The motor club cautions
that motorists should not be
lulled into a false sense of
security because roads and
highways are free of ice and
snow. Motorists should be
alert for chuckholes so that
they have time to avoid them.
However, if you find you are
approaching a chuckhole rap-
idly, don't stop or swerve
suddenly. This could result
in a collision with following
or oncoming vehicles.

Thank You!

Our sincere thanks to all who voted for us in the
Village election. We deeply appreciate your support.
Those of us who were elected to village offices will do
our best to justify your confidence.

Tigers run in our family

But we keep improving the breed. We're pretty close to perfection with the Pontiac GTO and Le Mans. Check these Quick Wide-Track Tigers
points: up to 360 hp in the GTO, up to 285 in the Le Mans; bucket seats and rich carpeting in both. By the way,
do you wonder what happened to that tiger diving under the hood? Look under the hood of a GTO and find out.

COME TO TIGER COUNTRY. SEE THE NEW BONNEVILLE, STAR CHIEF, GRAND PRIX, CATALINA, 2+2, LE MANS, GTO AND TEMPEST AT YOUR AUTHORIZED PONTIAC DEALER.
